JOSEPHINE GLASER IS FATALLY INJURED IN HIGHWAY CAR WRECK

Miss Josephine Glaser, 14, was fatally injured at 4:30 a. m. Sunday, August 7, 1932, in an automobile crash near Golinda on the Waco road when the truck in which she was riding with Charles Everett Bell of Cameron and sister, Miss Edna Glaser.

The accident occurred, it was said when the truck was driven to the side of the highway in passing an automobile. The machine plunged down an embankment, pinning Miss Glaser underneath. Mr. Bell, who was uninjured succeeded in releasing Miss Glaser from the truck wreckage and she was taken immediately to a hospital in Waco where she died at six o'clock Sunday afternoon.

Mr. Bell and the Misses Glaser had gone to Dallas where Mr. Bell had gone on Saturday to deliver a truck load of melons. They were returning and according to Mr. Bell, about one mile from Golinda he saw a car coming down the highway with no lights and being badly driven. He said that two men were standing on the running board of the approaching machine. He drove out to the right side of the road near the embankment and as the car approached him, he said it swerved toward his truck and in an attempt to avoid the crash his truck went over the embankment, crashing through the guard railing and plunging 15 feet below. He said the car was driven away rapidly and the men made no attempt to render assistance.

Miss Edna Glaser was only slightly injured. Miss Josephine Glaser received internal injuries and was badly cut and bruised about the body and chest.

Miss Josephine Glaser had completed her grade school studies at Curry last June and was planning to enter Yoe high school in September. She was popular and loved by a large circle of friends who deplore her tragic and untimely death.

Funeral services were held at the Buckholts Hope Lutheran church on Monday afternoon, August 8, 1932, conducted by Rev. Paul Cckerkus. Interment was made in Oak Hill Cemetery in Cameron.

Miss Glaser is survived by her parents, Mr. and Mrs. Otto Glaser, who reside on a farm about two miles north of Cameron on the Ben Arnold and Waco road; two sisters, Misses Edna and Nadine Glaser and one brother, Alvin Glaser.

Funeral arrangements were directed by C. N. Green and Bros., of Cameron. Paul bearers were Emil Stark, Harold Wade, Ervin Fugh, Bennie James, Henry James and Coleman Duncan.

COUNTY VALUES BEING SET BY COMMISSIONER BOARD OF EQUALIZERS

The Commissioners Court is in session this week sitting as a board of equalization to fix the renditions of property in Milam county.

The Court is making every effort to equalize values and to relieve the tax payers wherever possible. County Judge Jeff T. Kemp is presiding and the four Commissioners attending are R. A. Hairston, H. H. Moore, N. H. Butts and H. A. Fuchs.

When the work of passing upon renditions is completed the court will adopt the budget prepared by Judge Kemp in accordance with the new law.

COUNTRY SAUSAGE AND CHICKEN SUPPER

At the Catholic church grounds in Cameron Sunday, August 14. The supper will be served beginning at 6 p.m. The admission charge will be 25c for adults and 15c for children. Eat all you want. There will be a concert by the Pioneer Band of Cameron.

W. D. Bigbee, who is employed by the County in Corsicana, spent the week end here with his family.

JOE BURKETT

Joe Burkett, former State Senator from Eastland and now a resident of San Antonio, will speak to the voters on the Court House lawn at 2 p. m., Saturday, August 13 in the interest of his candidacy for Congressman at Large, Place No. 3. Mr. Burkett is in a run-off with Sterling P. Strong of Dallas, anti-saloon league candidate. Mr. Burkett advocates immediate payment in cash of the soldier's bonus. He charges Mr. Strong is out of harmony with the Democratic party because he bolted and voted for Hoover in 1928 while Mr. Burkett supported Gov. Smith and the entire party ticket. Sterling P. Strong, a life long Dry and Anti-Saloon League friend, says that anyone who raises prohibition at this time is an "enemy to his country." Both the candidates for President and Vice President have declared for repeal, says Mr. Burkett and Mr. Strong is at odds with his party.

Mr. Burkett urges strongly a cut in expenses of the government and declares the present extravagance in Washington means bankruptcy and ruin.

New Essex Car Shown Here; Terraplane Is Name of New Model

An entirely new Essex automobile has entered the low priced field. It is the Terraplane. A demonstrator has been received in Cameron by The Tire Store owned by Horstmann Bros. The Essex Terraplane is the lowest priced six in America and is priced at \$425 f. o. b. Detroit. The motor develops 80 horse power and the car is built with the same sturdy measures as the famous Hudson and Essex line. In remarkable tests over the nation the new car has amazed the public, says Mr. Horstmann and its low price makes it the most sensational development in automobile circles in recent years.

Highway Garage Here Burglarized; Gas Is Stolen From Pumps

The garage and storage warehouse of the Texas highway department located east of the city on the Rockdale road was burglarized sometime Monday night.

Deputy Sheriff Will Vaughn reports that 53 gallons of gasoline was missing from the pumps and storage tank and indications were that lubricating oil was stolen.

Two locks were broken. Ben Nicholson, employe, discovered the burglary. The garage and storage building is in charge of J. H. Reaves maintenance superintendent for the department here.

Mr. Vaughn reported no clues had been found leading to identity of the thieves.

Banks Remain Open Until 4 p. m. For The Cotton Season

The Citizens National Bank and the First National Bank will remain open until 4 o'clock in the afternoon during the cotton season, it was announced this morning.

During the summer month the banks have been closing at three in the afternoon. In order to accommodate farmers and business the banks will remain open until 4 in the afternoon during the fall.

Run Off Ticket Longest Second Primary Ballot In the History of Texas

Judge John Watson Is Operated On In Dallas

Judge John Watson is in a Dallas hospital, having been operated on this week. The many friends of the Judge in Cameron and Milam county will regret to know of his illness and wish for him a speedy recovery.

Reports Wednesday said Judge Watson was doing well and improving.

There will be 18 names on the run off Primary election ballot to be voted on Saturday, August 27. This is the longest second primary ballot in the history of the party.

In addition to the state ticket there will be a run off between R. L. Batte, Jr., of Thorndale and L. L. Blaylock for Sheriff and in the 65th District there will be a run off between Henry B. Krenck and Jesse James for representative.

A run off will be held in Precinct (See RUN OFF on page 4)

Court Gives J. C. Tucker More Records and Time To Make Defense Audit

Sheriff and Deputy Arrest Two Charged With Burglary

Two men, J. McKenzie of Chickasha, Oklahoma and Temple Holt of Water Town, New York, were being held in jail here and charged with burglarizing the George Diver home in the New Salem community Wednesday.

Sheriff Blaylock and Deputy Will Vaughn, arrested the men in the Black Jack community this morning after an all night search.

They had, according to Deputy Vaughn, taken a quantity of clothing and other articles from the home.

Aged Minister Dies At Maysfield Home

S. S. Bozeman, 78, died suddenly Wednesday afternoon on the Joe Aycock farm near Maysfield. He was to begin a meeting in that vicinity soon. Heart failure was said to have been the cause of his death.

He is survived by two sons, Frank and Sam Bozeman of Brownfield, Texas.

The body was at the C. N. Green & Bros., funeral home and will be sent to Tipton, Oklahoma, Thursday night for burial there.

A supplemental petition filed by attorneys for J. C. Tucker, charged by indictment with embezzlement, false entry and drawing without authority, asking for additional records of the Cameron State Bank to complete his audit of the bank, has been acted upon by Judge E. M. Dodson of Marlin, presiding in the 20th Judicial District Court here.

Additional records asked for have been permitted Mr. Tucker, with the exception of the Teller's Cash book, made a subject of special appeal for withholding by Criminal District Attorney, Jack Lewis.

The Cameron State Bank closed its doors on December 17, 1932 and J. C. Tucker was indicted on 17 counts by the May grand jury in District Court here.

Judge E. M. Dodson, presiding in the case, granted further time to make the audit and gave over for use of the defendant under the care of J. C. Wright, in charge of liquidation of the bank for the State. Judge John Watson was recused in this case.

Records permitted by Judge Dodson in his answer to the supplemental petition are as follows:

CATHOLICS WILL SERVE SUPPER HERE SUNDAY

A country sausage and chicken supper will be served on the Catholic church grounds here Sunday, August 14 beginning at 6 p. m.

A feature of the supper will be a tribute to Rev. Father Geo. Appel who will celebrate his 36th year in the ministry of the Catholic church. He has been in Texas for 40 years. It was during his pastorate that the magnificent new church of St. Monica's was built in Cameron and his work has been outstanding in the local parish and the members will join him in celebrating his 36th year in the ministry.

The public is invited to attend the supper and a large number are expected for the event.

There will be a band concert by the Pioneer Band of Cameron led by J. T. Parma.

The admission charge will be 25c for adults and 15c for children.

Play Thursday Night By Church Children On Yoe High Stage

The Missionary Society of the Methodist church are sponsoring a play "The Kings Love Quoit," where the Beginners, Primaries, Intermediates, Juniors and young people of the Sunday school will take part. Talent from other churches will also be on the program. Mrs. John Olson and Mrs. J. L. Clinton, assisted by other ladies of the Society have charge.

Miss Mollie Moore will direct and supervise the decoration of the stage at the Yoe high school where the play will be given Thursday evening, August 11 at 8 o'clock. One of the features will be a huge cross of evergreen and roses where small children will be grouped will be worth the price of admission alone, which is 10c for children and 15c for adults. Proceeds are to be used for worthy causes and the ladies have labored for weeks to make it a success.

Fishing Party Back From Devils River Annual Pilgrimage

Back from their two weeks annual trip to Devils River near Del Rio the Cameron party composed of R. D. Brown, R. P. Jeter, Bob Terry, Robert McCown, Claude Triggs and Oscar Carter the cook, report a delightful stay in the rock country and all are feeling the effects of the vigorous outdoor life.

The party goes each year to their camp on the Devils River some miles from Del Rio. These trips have been made over a period of years and the party members look forward each year to the fishing expedition.

The camp site is one of the scenic spots of Texas, only a short distance from the Pecos canyon and out in the mountain country where silence hems them in and the nights are chill in comparison with the cotton country.

Mr. Brown speaking for the group reports successful angling with always something in the pan. The water is reported low in the river and very clear.

Masons Install New Officers In Cameron

District Deputy Grand Master, J. W. Haygood installed the officers at San Andres Masonic Lodge as follows:

Jesse Brock, Worshipful Master; P. W. Davis, Senior Warden; A. J. Smith, Junior Warden; John Hays, Senior Deacon; B. L. Archer, Junior Deacon; Max Collins, Senior Steward; George Richards, Junior Steward; John Haygood, Treasurer; H. E. Garner, Secretary.

Post greetings to friends in Cameron from Mrs. Dr. Gill tell of a wonderful trip she is having this summer telling of her visit to New York, Orange and Wildwood, New Jersey, Delaware, Philadelphia and also a lovely visit with her daughter who is known here as Miss Florence Gill. She spoke of returning to Texas some time during this month.

PRICE IS WELL ABOVE 7 CENTS IN CAMERON SPOTS MARKET TODAY

With more than 100 bales of the new crop 1932 cotton ginned in Cameron up to noon Thursday, the movement was getting under way with the prospect that by next week the gins would be running to full capacity.

Spot cotton was bringing \$7.05 to \$7.10 Thursday morning in the local market. Indications were the market would hold substantially its gains of the past week and farmers and business men were rejoicing over the significance of the upward trend and its influence on business.

Crop conditions in Milam County are felt to be average for the whole area. It was predicted that the crop would be around 50,000 bales, but continued dry, hot weather had made deterioration rapid, especially in the uplands. The government forecast of slightly over 11 million bales has stimulated the market and it was predicted by local cotton merchants that the price would advance still further.

Resumption of manufacturing and buying together with increased consumption abroad gave a decided optimistic trend to the cotton situation.

THREE MEN HELD ON BURGLARY CHARGE IN MAYSFIELD ROBBERY

Two men are held and one has made bond growing out of charges filed by the Sheriff's department following the robbery of the Maysfield Mercantile store and post office at Maysfield at an early hour Saturday morning, August 6.

Joe Castoria of Bryan, following a hearing before Justice of the Peace, John Thweatt at Maysfield, has made bond in the sum of \$750 and has been released from the county jail.

Charles Wilson and William Solomon, both waiving examining trial before Justice Thweatt were being held through failure to make the bond of \$750 each.

According to Deputy Sheriff Will Vaughn, the men were placed under arrest at the Maysfield store at 2 a. m., Saturday by a posse of citizens after a burglar alarm had sounded attracting their attention.

Clarence Freeman, manager of the store, and two sons, William and Tyson Freeman, Worth Arnold and Arnold Owens, placed the men under arrest. They telephoned and Sheriff Blaylock and Deputy Vaughn went to Maysfield and brought the trio to jail. According to their story a car was seen to leave the store. The five men secreted themselves near the store and when the car returned a few minutes later, one of the men got out of the car and went to a window which had been broken. They were arrested.

Stamps to the value of \$3.91 were missing from the post office. Merchandise to the value of \$10 was missing and small change to the amount of about \$1 was missing. Included in the merchandise were cigarettes, soap, a flashlight and a cap. The merchandise was found Sunday afternoon near the side of the highway about two and a half miles from the store in the direction of Bryan. The merchandise was found by Edna Wilkerson, a negro farmer. Deputy Vaughn had been in search for the missing goods. The stamps were not found.

Mr. Organ, postoffice inspector and Bertillon expert from Waco investigated the robbery and made finger prints found on the glass and window and also made finger prints of the three suspects held in connection with the burglary. A formal charge of burglary was filed against the men. A large pair of cutters were used to clip the bars across the window. The cutters were found by Deputy Sheriff Vaughn and have been turned over together with other evidence to Criminal District attorney Jack Lewis.

Miriam A. Ferguson Opens Run Off Primary Campaign In Speech at San Marcos

Friends and Fellow Citizens:

We have today to begin the last series for the Democratic nomination for Governor. Having received more than one hundred thousand votes than my nearest opponent it is not natural that I should feel, and my friends should feel, any and every of final victory. There is a special and no more to be done except to show the trend of popular approval of my platform declaration.

But my friends, I come not to bring over figures or glad over the opposition. I come not to boast of personal triumph or to desire a political foe. I come to call your attention to what I think more important to our people and of greater interest to our country.

I come again to tell the people for their suffrage in the second primary on the same platform upon which I asked their suffrage in the first primary. I am much gratified that this simple declaration of my platform has withstood every attack of malicious politicians and has met with widespread approval of the people. In fact my platform has received so much approval that the opposition has ceased to oppose it and by their silence they admit its justification and its wisdom. For this reason I shall not have time to enter into a long discussion of the platform which is being fully publicized and I shall content myself with only a passing reference to its provisions.

I again urge a change in the election of the thirty million dollars.

MIRIAM A. FERGUSON

First from the gasoline tax as to give one third to the Highway Department, one third to the general revenue fund to abolish all waste and salaries laws, and the remaining one third to the schools. I will go one step further and say that where any county is unable to pay the interest and sinking fund on county bonds, I will build roads now state highways. I am in favor of cutting deeper into the gasoline tax to pay and bonds or if necessary raise the gasoline tax one cent in order to pay same.

I am determined that the burden of taxation for ad valorem and road bond taxes upon the farms, ranches and homes and other real estate in Texas or country shall be removed. I want my election to mean that if it does not mean anything else, it will mean that on real estate in Texas will destroy the value of every farm and home as well as all other real estate. High taxes on real estate makes high rents on everything that is over makes a homeless people.

I also want my election to mean that we are going to keep up the public schools. That is the reason why I want to give the public schools one third of the gasoline tax instead of only one-fourth now. My plan will give the schools two million, five hundred thousand dollars more money than they get now which will take care of the reduction in revenue caused by the passage of the home-land exemption of three thousand dollars. Other obligations of the government can be put off until to

tomorrow, next year, and five years out the education of our young people must take place now lest they grow up in ignorance—a reflection on our civilization. I want no more for economy at the expense of the children of our public schools.

The present administration while keeping the full constitutional limit of 35c for school ad valorem purposes has been so extravagant as to run the fund in debt to where as shown by the comptroller's estimate it would require a rate of 50c to relieve the fund, which would have no other use but a capital opportunity to \$150,000, and I am advised by the comptroller that the estimated deficiency or debt of the school fund will be \$1,470,223.24 at the end of the fiscal year. Added to this is according to the comptroller's advice to the estimate that the deficiency or debt of the general revenue fund for the present year ending on August 31, 1932 (this month) amounting to \$5,000,704.47. But troubles never come single for added to these debts and deficiencies in the estimated debt or deficiency of the general revenue for the next fiscal year ending August 31, 1933 of \$5,000,704.47 which would require a tax rate of 45c to pay, or eighteen cents more than the amount now permitted by law. Adding all these three items together from the official records of the comptroller is now entering into a debt or deficiency of \$11,871,748.11. This ought to stop this talk in high places about the budget being balanced and the other attempted deception that the state is on a cash basis.

When I went out of office I left over five million dollars in the treasury and they left me over three million dollars in debt to start with. And my friends, I believe you will agree with me that if my firm as husband, proxy governor, or politician can keep me out of the state out of this mess that you and I ought to have the benefit of his services. To get out of this trouble we can be like the fellow that got stuck in the mud and began to pray by saying, "Lord, if it has been twenty years since I called on you and if you will help me out of this hole it will be twenty more."

I urge the regulation of trucks and buses as to prevent destruction of our roads and the safety of life and limb of the traveling public. I am after the big trucks. The small trucks have nothing to fear.

If there was ever any doubt as to the need of an effective highway commission by the people, it is now completely dispelled by the recent disclosures of approximately \$100,000,000 waste or misappropriation by the present highway commission in the last five and one-half years. It is no answer to say that because the books balance, that there has been no wrong doing. The question is, and which has not been answered, what ought the highways of Texas have cost and what did they cost.

I want my election to mean that the present highway commission shall be removed.

I again urge the equity of redemption law to protect the homes and farms from inhuman foreclosures and the giving of right to redeem in two years. I am in favor of the homestead exemption from all taxes. I am in favor of taxing only the owners interest or equity in real estate and the lien holders interest on the balance. I am in favor of extending time of payment of taxes, interest and penalty, accruing before January 1, 1932 for two years.

I want interest reduced to six percent and no note to be collectable in the court that has not been rendered for taxation. It is hard to tell which has caused the most damage the tax eater or the tax dodger. I declare war on both.

My friends, to help our toiling masses I am in favor of old age pensions. I am in favor of women being paid the same wage as men where the service is the same. I am opposed to the government employing over one bread winner in each family. I am in favor of using hand labor on public and private works wherever possible to take the place of high priced and highpowered machinery purchased from foreign factories to take place of hundreds of laborers who now swell the ranks of our unemployed at home.

It is now as much the duty of the government to prevent the confiscation of labor as it is to prevent the confiscation of property.

My friends, the army of public officials must be reduced so that the expense of government can be reduced—and the taxes now collected to pay this great army can be left in the pockets of the people for their use and needs. The government can not run everybody's private business or make a living for everybody. Government should now be confined to the province of government—mainly to protect property, keep the peace and educate the young.

Wherever possible I want to com-

bine offices and reduce expenses. We can combine the office of assessor, collector and treasurer and save the people \$1,000,000 a year—enough to educate 5000 children a year.

My friends, I want to correct a statement that is being circulated about my position on the oil business. It is being charged that I favor opening every well mine open, and thereby reduce the price of crude oil to ten cents a barrel.

I have never made any such statement or uttering any such idea. I am quite firm in my position which I think correctly states my position. It reads:

"I favor such legislation by statute compact or constitutional amendment as may be necessary as will conserve our oil and gas resources by control of the production of same as to prevent the physical and economic waste of said minerals of more than the market and necessary demand therefor upon a just and fair division of the price for which said minerals are sold between the producer and the retail buyer."

"As supervision by the State and at State expense through the proper authorities being necessary to prevent physical and economic waste and insure economic production, it is but fair that those who buy oil and gasoline at retail should receive part of the profits of those who sell such division to be fixed by the Railways Commission by either a graduated rate or through graduated laws or otherwise as may be legal and just."

I do not want to produce either too much or too little oil. But as far as possible a medium should be established whereby orderly production can be had so as to obtain a fair price to the producer of the crude in proportion to the price charged the consumer for gasoline and kerosene. The market demand for need for the manufactured product should never be allowed to be restricted in the name of physical waste as to create a monopoly which results in a raise in prices unfairly. On the other hand, the government should exercise its powers to conserve the oil supply against economic waste, so as to preserve to producer and consumer alike a fair and just conservation of the value of this natural resource.

To obtain these results, I as governor will uphold the orderly process, or of the law as provided in our constitution. Should our generation laws be violated they should be enforced through the duly constituted peace officers elected by the people. As governor I shall uphold these officers and I will never invade a peaceful law abiding community with an army to fix a price on oil or to destroy a small competitor from enjoying an equal benefit of his labor and industry.

Oh! let them talk about "honesty in office" all they want to and I heard it back at them and denounce the martial law record in East Texas as made as the most dishonest record that ever disgraced the official record of any country. Let them talk about "responsible government" all they will and I hasten to reply that martial law in East Texas was the most irresponsible exercise of official power that ever shamed the records of any government past, present or future.

Let them howl about a proxy governor and yet I know that you, the people, had ten thousand times rather have a proxy joined to go by the laws of God and man and sealed by the affection of man and wife, than to have a proxy governor who has no tie but that of greed and gold and a slave to corporate power now seeking to throttle the liberty of the poor and to confiscate the property of the poor.

My friends these are my principles, these are my promises. Trusting in you and with an undying faith in God I leave it all for you to decide.

Political Announcements

The Herald is authorized to announce the following candidates for the office named, subject to the action of the Democratic Primary August 27, 1932:

For Sheriff:
L. L. BLAYLOCK
R. L. BATTE, JR.

Mrs. F. R. Root of Bryan who has been visiting relatives in Cameron, left last Friday for her home.

People do not amass fortunes in a day. To attain wealth means painstaking and conscientious adherence to thrift.

In fact it is reduced to a matter of setting aside each week or month a part of your income and placing it in safe keeping where it can earn and work for you while you add to it.

The happiness that wealth can buy lies in the letters S-A-V-E.

Begin today. Come to our bank and let us explain to you the advantages you have in placing your savings at 4 per cent interest, where each account has our personal interest and advice. We have helped hundreds and we can help you.

Suggestions for Making Better JELLIES and JAMS

by Grace Viall Gray, Secy. International Canning Contest

The Joys of Jelly Making

Grace Viall Gray

Jelly making is easy today. It is so simple. Gone is the guess work and the uncertainty in jelly making. Any homemaker can make clear, sparkling jelly that she can serve to her family and friends with great pride.

But before we go any further, let us decide just what we mean by a good jelly. A good jelly is clear, attractive in color, and free from crystals and sediment. There should be no evidence of crystals or "sugariness," even in grape jelly. When removed from the glass it retains its shape and yet quivers when touched. It is tender, not tough, gummy or

syrupey, and it spreads smoothly on bread. The flavor and odor should be pleasing and characteristic of the fruit from which the jelly is made. You can make jelly like this. You can make jelly that would score 100 per cent at Fairs, bringing you fame and premiums.

Have you ever stopped and asked yourself just what is jelly? Jelly after all is the product obtained when we combine the juice or combination of juices of certain fruits with the right proportion of sugar, and cook the mixture until it becomes a clear, tender jelly. All fruit juices however, do not make perfect jelly, for to make a perfect jelly it is essential that the fruit juices contain acid and a natural jelly making substance called pectin, in just the right proportions.

Most homemakers know that some fruits jell quicker than others. As an example, concord grapes. The juice of under ripe grapes will jell after a very short boiling period, while the ripened fruit requires a much longer boiling period. This shows how nature during the process of maturing fruits to their full flavor, removes the jellifying substance or pectin. By adding pectin to your fruit juices you are merely giving back to the fruit what nature removed. Citrus fruit pectin, made as it is from lemons and oranges, is nature's own jelly maker. It is merely a jellifying substance and nothing more. By adding pectin to your

fruit juices you are always sure of a perfect jelly.

So the secret of making good jelly might be summed up as follows:

1. Use a small amount of juice at one time, that is, never work with more than two quarts of juice at a time.
2. Use powdered citrus fruit pectin to supply the necessary jellifying substance.
3. Use a flannel jelly bag for straining juices and never squeeze if you wish a nice clear jelly.
4. Use a standard cup without a flared edge and measure both juice and sugar in this standard cup.
5. If you wish to make a tart jelly add the juice of one lemon to every batch. Add the lemon juice to the fruit juice.

The following question is asked me more than any other one question—How can you tell when the jelly has boiled enough? The best way to tell whether jelly, or jam for that matter, has boiled long enough is by the spoon test. Dip a clean spoon (wooden if you have one) into the boiling juice and hold it up. If the liquid drops off freely it should be boiled a while longer or until the syrup "sheets" on the spoon. When this point has been reached, remove from fire, skim, pour into glasses and cover with hot paraffin. A second light layer of paraffin may be added the following day. The boiling point varies with different kinds of fruits, but if you will use the spoon test your jelly will always be perfect.

Jelly is a real food and satisfies that craving for sweets that we all have. So let's make hundreds of jars of different kinds of jellies now for our family to eat during the coming winter months. Have you ever tried gooseberry jelly, peach, pear or pineapple? You can make delicious flavored jellies by blending different juices. You can have a lot of fun in your kitchen in the cool of the day by getting out your preserving kettle and combining several fruit juices with which to surprise our admiring family later.

And when the day of jelly making is over and the preserving kettles are put away on the bottom shelf of the pantry once more, how proud you are going to be as you stand and survey your work. Beautiful glasses of red, yellow and purple jelly. Squat lit-

tle jars of preserves and marmalades. As you stand and look at it you will say "It was not hard either. It was fun."

There are some satisfactions that money or leisure cannot buy. The joy of creating these delicacies is one of them. You enjoyed preparing them, but think how much more enjoyment you are going to get this winter when you can serve peach jelly on your hot biscuits and how fine that meat will taste with a spoonful of red jelly beside it.

JONES PRAIRIE

By MRS. R. K. FONTAINE

(Delayed from last Week)

The following people enjoyed a picnic and spent the night at Brazos River Monday: Mr. and Mrs. S. S. Hickman, Mr. and Mrs. T. B. Stidham and daughters, Mary Tom and Ila Jean, Mrs. Mollie Stidham, Mr. and Mrs. Brant Smitherman and daughters, Curly and Ruby, Mrs. Lee Marek and Jimmy, Mr. and Mrs. R. Fontaine and Billie, Mr. and Mrs. P. H. Love and daughters, Clara Bennett and Aetna and sons, Oliver Jr., and James, Mr. and Mrs. Rufus Love of Greenville, Miss Allen of Stillwater, Okla., Lions Gause of Houston, Meril Carroll and Oleta Reese of Cameron, Connie Mae, Joe and Marvin Hickman, Merlin Lester, Barmore Jones, Watts Weise and Vernon Fontaine.

Mr. and Mrs. N. C. Erskine and son, Fontaine and Miss Ruth Clator of Temple spent Monday at the Dr. Fontaine home.

Mrs. A. K. Tyson and son, Arthur of Calvert helped Dr. W. J. Fontaine celebrate his birthday on August 1.

Miss Ethel McKinney returned home Saturday from A. and M. at Bryan where she attended the Encampment.

Richard Jones, infant son of Mr. and Mrs. Bailey Jones, has diphtheria.

Mr. and Mrs. Orvil Canady and family spent Sunday at the Geo. Roden home.

Nadine Burnett, who has been ill is somewhat better.

Mrs. Willie Burnett returned to her home Saturday from Cameron hospital where she underwent an operation.

Lee Marek made a business trip to San Antonio Monday. Mrs. Fred Lapin of that city accompanied him back to visit.

Dorothy Jane Harrell was sick the first of the week.

Miss Evelyn Harrell was a guest of Mrs. Roy Harper part of last week.

Mr. and Mrs. Rufus Love spent the week end here. Mrs. P. H. Love returned home after spending four weeks with them in Greenville.

SHARPE

By SANDERS AND BROWN

The community has been in a hot condition the past week. The hottest weather for years has caused perspiration to roll down the cheeks of these unlucky farmers so immensely as to moisten every thread in the clothing. Corn is actually popping on the stalk—popcorn for sale! Cotton is doing fine in spots and wilting to the ground in others.

Mr. and Mrs. C. R. Middleton returned last week from their honeymoon in New Mexico and points in West Texas. We are very glad to welcome them into our community where they will make their new home.

A revival meeting conducted by Rev. Sangbert of the Panhandle country just closed at the Presbyterian church here Sunday night with 13 additions and a number of people rededicating their lives to God, resolving to be His humble servants in the future.

Mr. and Mrs. Maron Massey and Miss Grace Woodie of Pettus spent the past week in the Glass home here. They also visited relatives in Friendship.

Mr. and Mrs. B. F. Davis and son, Berry Jr., of Dallas spent the past week here.

The Smoot revival at Lilac, near here, has been canceled.

The Sharpe baseball team with Anderson on the mound met a 5 to 2 defeat with the Cameron K. of C. team. Hook featured excellent batting, however every player was on his toes from start to finish.

A mistake was made by the writ-

ers in this column last week in regard to the Sharpe-Gay Hill game. A statement that "the Sharpe team defeated the Gay Hill team by a score of 26 to 6 must be reversed. Gay Hill defeated Sharpe by this score.

Mrs. Floris Criswell and two sons of Calvert visited in Cameron Sunday and were accompanied home by Mrs. J. B. Rector of Shreveport, La., who is visiting relatives in Cameron. Mrs. Rector visited friends in Back-holds last week.

THE COMMERCIAL USE OF TEXAS HIGHWAYS IS A PRIVILEGE, NOT A RIGHT

● The highways of Texas are the property of its citizens. They constitute a system of nearly 200,000 miles of road of which 20,000 miles are designated as State highways and the remainder are county roads. All types of road are represented in this system, less than 5% have so-called "permanent" surface.

The total cost of these highways is unknown but it amounts to many hundred million dollars. From 1917 to 1930, inclusive, counties and road districts of the State issued \$243,592,834 in bonds for the construction and improvement of roads and bridges. In the two-year period ending August 31, 1930, the State Highway Commission expended \$89,032,825, of which \$22,488,426 was for maintenance of the State highways.

In view of these tremendous costs the preservation of our highways from rapid wear and destruction is a matter of very vital interest to their owners, viz., the public. It is especially important that they be made to outlast the life of the bonds, which run from 20 to 30 years.

The use of the public highways for commercial purposes is not a right but a privilege which may be withheld or granted subject to such restrictions, regulations and charges as the Legislature may see fit to impose. Such regulations are intended to promote safety, preserve the highways and safeguard the interests of the public.

Texas Railroads, which pay the entire cost of construction and maintenance of their own roadbeds and, in addition, make substantial contributions to the cost of Texas highways, are thoroughly regulated with respect to their services, rates, methods and practices. There is no good reason why commercial users of the highways, built and maintained at the expense of the public, should not likewise be regulated to such extent as the public interest requires and pay such charges as will represent proper compensation for the privileges granted them.

○ The statutes governing highway transportation as enacted by the Forty-second Legislature represent the wishes of the citizens of this State and express their desire to give equal rights to all and special privileges to none. These statutes should be given a fair trial and their value ascertained. Unless this is done, a chaotic condition in transportation as a whole will surely ensue.

BAPTIST CHURCH

Despite the season of vacation we are expecting a large number of people to our services on next Sunday. All of our church family, and all who are not in their own churches are cordially invited to be present at our various services. Strangers to the city are given a most cordial welcome.

Our Sunday School meets at 9:45 a. m. You will want to be in one of our organized classes. Let's keep them standardized. The B. T. S. meets 6:45 p. m. No more important organ of our church can be found, both for old and young.

Sermon topics for next Sunday will be "The Happy Way" and "The Rot of American Society." Are you troubled? Burdened? Sin-sick? Heart-famished? If so, come to our preaching services and we will do thee good.

INFANT DIES

Boy Scout News

Troop 52, J. A. Lindle, Scoutmaster

Troop 52 held its regular meeting Friday night at the City Park with a full attendance of Scouts, the Scoutmaster and a number of visiting boys. There were no committeemen present. Due to the public concert of the Cameron Municipal band being held at the park, the meeting got off with a late start and the entire time was given over to games which included relay races and athletic stunts. The final episode of the meeting was a watermelon feast, the melons being furnished by the Moraw brothers. The watermelon feasts are always enjoyed and we hope that these Scouts will continue to raise good melons. Next week the meeting will be held in the regular meeting place, the Knights of Columbus Hall. Troop 52 is proud that Senior Patrol Leader Ernest Michalka has been awarded the Knights of Columbus Scholarship to Saint Edwards University at Austin.

This six year scholarship was allotted by the Saint Edwards University for distribution by the Texas Council of the Knights of Columbus. Scholarships are given for a four year period, and are awarded on merit to graduates of an accredited high school, the preference being given to those who show qualities of leadership ability. Leadership training is one of the principal objects of Scouting, and the fact that this scholarship has been awarded to a registered Scout, makes this an even greater signal honor, that Scout Ernest has been selected as one of the winners from a large number of applications. Scout Ernest is one of the charter members of Troop 52 and has held continuous registration for the past five years. We hope that Ernest will be able to avail himself of this opportunity and that he will continue to develop leadership ability whether it be in Scouting or business.

Let us give him big 'HOW' boys.

Troop 32, B. L. Archer, Scoutmaster
Troop 32 held its regular weekly meeting in the Scout hall Friday night. Earnest Sharpe, Senior Patrol Leader was in charge of the meeting as the Scoutmaster could not be present. After the announcements, the meeting was turned into an evening of play. An all night hike was announced for next Friday night.

Troop 53, J. W. Haygood, Scoutmaster
We were in camp last week and had no meeting in Cameron. Every Scout that went to summer camp reports having a fine time. Scouts Billy Gillis, Hilliard Thomas and John Haygood passed the Junior Red Cross life saving tests on this camp. Their next step will be Senior Red Cross life saving which they can not get until they are 17 years of age.

Several Scouts passed their swimming test for merit badges. Sorry that we do not have their names at this time. Several Scouts also passed various ranks in Scouting, so you see this was a very profitable as well as an enjoyable week for Troop 53.

We want to thank Messrs. J. C. Martin, W. G. Gillis, Albert Triggs, Leonard Blaylock, Walter Lucas, C. H. Pollard and our Scoutmaster for bringing us home and also to thank Harold and F. E. Jackson for the grapes they sent to us while we were in camp.

Our Scoutmaster has a picture of our swimming hole and Friday night camp fire and those Scouts who did not go to camp can see those pictures and weep.

Our Troop held high score in baseball and made a good showing in the other sports such as swimming, shooting, horse shoe throwing and washer pitching.

WEEKLY COTTON LETTER
Supply

The Egyptian government has recently estimated their 1932-33 cotton acreage at 1,135,000 acres or 35 per cent less than in 1931-32, and 48 per cent less than the 1930-31 season. Egypt ranks third among the foreign countries producing cotton, and it is important to note that the current low price of cotton is forcing a reduction in acreage abroad as well as in our own country.

The late spell of hot weather and high temperatures has resulted in much deterioration over Texas and especially in the southern portion of the state.

Alabama and Georgia in particular report plenty of boll weevils with prospects for a very poor crop, while all of the other states in the belt report more or less deterioration.

The government on August 8 issued its first crop estimate of the season, placing the condition at 65.6, the yield per acre at 149.6, and the total yield in 500 pound bales at 11,306,000 for the cotton belt.

The government estimated the size of the crop in Texas at 3,826,000 bales, which is a decided reduction compared with last season.

Demand
The demand for cotton goods in this country continues to broaden and in the past ten days it is believed that sales of cotton goods have substantially exceeded production. For some months consumption of cotton in the United States has been at a very low rate, but the writer is confident that permanent improvement has now commenced and that the rate of consumption will show a steady increase.

Financial
The important feature in financial circles recently has been the sharp advance in stock and bonds, which has led to a much more cheerful feeling among business interests throughout the country.

Confidence is rapidly being restored and it is expected that a gradual improvement in many business lines will soon follow.

Market
The government estimate reflects a fair acreage reduction, considerable insect damage in all the states and a heavy reduction in fertilizing in the southern and eastern portion of the cotton belt, and indicates the crop smaller than the consumption for the new season.

As predicted by the writer for some time, fundamental conditions affecting cotton have been steadily improving and the writer firmly believes that the low price on cotton for the next several years was made last June, and expects cotton to gradually work higher with reactions from time to time.

It can now be stated with much

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County,—GREETING

You are hereby commanded to summon Mrs. Mary E. VanZandt and husband, Dr. T. G. VanZandt and H. E. Dawson by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be held at the court house thereof in Cameron, on the 5th day of September 1932, the same being the first Monday in September, 1932 then and there to answer a petition filed in said court on the 10th day of June, 1932, in a suit, numbered on the docket of said court No. 10,761, wherein Thornton Hamilton is plaintiff and Mrs. Mary E. Gandy and husband, Dr. T. G. VanZandt and H. E. Dawson are defendants said petition alleging:

Plaintiff alleges that the Southern Memorial Company by deed dated

December 30, 1926, recorded in Vol. 183, page 43, Deed Records Milam County, Texas, conveyed to Mrs. Mary E. Gandy 100 acres of land situated in Milam County, Texas, out of the J. A. DePena 11 League Grant, particularly described as beginning N. 51 W. 65 vrs. from S. W. corner J. A. Hopkins survey for N. E. corner this; THENCE running S. 19 W. 840 vrs. to S. E. corner; THENCE N. 71 W. 900 vrs. to corner; THENCE N. 19 E. 40 vrs. to corner; THENCE N. 71 W. 40 vrs. to creek for S. W. corner; THENCE up said creek with its meanderings for base line 640 vrs. to corner; THENCE S. 19 E. 160 vrs. to N. W. corner; THENCE S. 71 E. 1510 vrs. to beginning. That said conveyance was for two notes for \$1000.00 each and one for \$2118.90 of even date with said deed, due one, two and three years from date, respectively, and reserved vendor's lien to secure payment thereof. That said Mrs. Mary E. Gandy is now Mrs. Mary E. VanZandt. That she did execute and deliver to the plaintiff, thereafter, deed to said land in consideration of payment of said notes which had been conveyed to plaintiff, but after so doing, she, with one A. M. Waugh did convey the land to defendant H. E. Dawson, who with defendant Cecil Mode is in possession thereof. That by reason of said facts plaintiff has superior title to said land, is entitled to possession thereof, which he prays. In the alternative he alleges the execution of said vendor lien notes as part payment of said land and by reason of the reservation of vendor lien in said deed to secure them and assignment of said notes to plaintiff, he has superior title thereto. He prays for title and possession of said land, for rents thereof. In the alternative for judgment for amount of the third of said notes for \$2118.90, interest, attorney's fee, foreclosure of said Vendor lien as against all parties defendants; for order of sale, writ of possession and general relief; and all as is shown by plaintiff's original petition on file in said cause to which reference is hereby had.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 30th day of July, A. D., 1932.

EQUALITY OF OPPORTUNITY

American Railroads Can Be Great Influence In Restoring Normal Conditions

A Statement to the Public by L. W. Baldwin,
President of the Missouri Pacific Lines

AMERICA never has been prosperous when our railroads were suffering and the nation always has prospered when the railroads did. Railroads have suffered terribly in the last three years, losing enormous volumes of traffic and revenues as a result of having to combat, simultaneously, both the economic depression and unregulated, subsidized competition.

Hardships to which railroads have been subjected have resulted in their being compelled to contribute, unwillingly, to prevailing distress. Great numbers of employees have been deprived of work because of the decreases in traffic volume, and purchases of the railroads have had to be curtailed drastically because of lack of funds, resulting from decreased revenues.

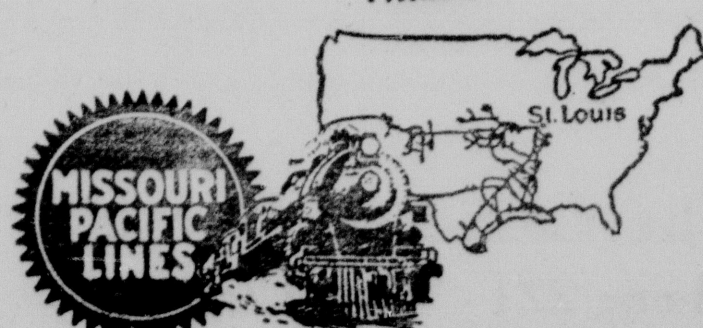

These conditions can be improved measurably if the entire transportation situation is stabilized. In other words, if railroads and other forms of transportation are placed on an equality with regard to regulation and opportunity, the railroads can be depended upon to provide America with the character of transportation service the country must have, at reasonable rates, and the railroads will find it possible to re-employ thousands of workers and again go into the markets for millions of dollars worth of iron and steel products, fuel—both coal and oil—lumber and forest products, and miscellaneous manufactured articles of every character.

The restoration of the purchasing power of American railroads can be made the balancing factor in bringing about a turn in present conditions and eventual restoration of normal conditions.

The time has come, and it is essential, that all forms of transportation be treated equally, fairly and justly, in the public interest. This will be done when the American people want it done and make their wishes known.

I solicit your co-operation and assistance.

Heroes of Guadalupe River Flood at Kerrville!

But for the heroism of B. P. Roberts, left, and Cooper Fletcher, right, (in the left photo) Howell Prior, center, might not be living today. Marooned in a tree, surrounded by the swirling waters of the Guadalupe river when it went on a rampage last week near Kerrville, Texas, Prior spent a night and a day in the tree and saw two men drown trying to rescue him, before Fletcher jumped from a boat rowed by Roberts and brought Prior to safety. Another hero of the flood was Gene Butt, amateur wireless operator, right, who, when all communication was cut off, stayed at the controls of his radio and kept Kerrville in communication with the outside world. He sent 111 messages and received 25.

TEN GRADES APPROVED FOR PUBLIC SCHOOL AT BURLINGTON

The County Board of Education of Milam County voted at a meeting last week to grant a request made by J. A. Henderson, trustee of the

GENERAL PLUMBING AND TIN WORK

I will do your work at very reasonable prices and will appreciate your business.

P. L. Marburger
Call Phone No. 413

Burlington school, and Fred Hodges, principal, that Burlington Independent District be permitted to teach ten grades, as the parochial school in Burlington would be discontinued and a number of high school students would not be able to attend school anywhere.

Due to the unusual conditions existing in rural communities at the present time, Millerton and Two Mile each two teacher schools, were permitted to teach eight grades instead of seven as in former years.

W. G. Gillis, represented the trustees of Davilla School, appealing from the decision of the County Superintendent, Mrs. K. K. Robbins, in transferring a number of students living in the Davilla District to the Althea District in Bell County. The board voted to sustain the action of the County Superintendent and ordered that the transfers be made. The trustees excepted and gave notice of appeal to the State Superintendent of Public Instruction in Austin.

New field notes re-establishing and

re-defining boundary lines of Gay Hill, Bushdale, Fairview and Conoley districts were adopted by the board.

MARLOW DOUGHBOYS DEFEAT TRACY SUNDAY AFTERNOON

Playing their first game under the new management and captain, Jack Hobson, the Marlow Doughboys from Devil's Bend defeated Tracy 6 to 2.

The Tracy boys played fine base ball but they were not able to solve the two hit pitching of Hobson, who was in excellent form, striking out 15 men while "Onion" Morgan of Howard Payne College sharpened his batting eye by poling out destructive bingles with men on bases.

Unfortunately we were not able to acquire the Tracy lineup but the outstanding play of the game was performed by the left fielder who made a beautiful one handed catch of Mc Lerran's fungo hit to left-center. Jack Coward made a nice catch for Marlow.

On Sunday, August 14 Marlow will again play Tracy at Tracy.

BURLINGTON

Johnnie Witt who has lived here for several years was visited recently by his mother, Mrs. Emma Witt of Columbus and his two sisters, Mrs. Emma Schoble and Mrs. Ernestine Winker, both of Shaw's Bend Texas. Johnnie had not seen his mother and sisters in eleven years.

Sam McAtee of Berkeley, California, left for his home last week after a pleasant visit with his aged father and other relatives here. His father has been quite ill but is able to be up and about.

A family reunion of all the McAtee's and relatives was held at the home of Mr. and Mrs. Ed McAtee last Sunday.

For "SECOND SUMMER" troubles

During the second summer baby is usually learning to eat new, strange foods and is cutting teeth--a bad combination.

At this trying time, one thing is essential. Keep his bowels working regularly and promptly, carrying off their daily load of waste without fail.

For this there's nothing like Castoria, made specially for babies and children. Castoria is a pure

vegetable preparation which contains no harsh drugs, no narcotics of any kind.

It is so gentle in action you can safely give it to a young baby for colic. Yet in larger doses it is an effective regulator for older children. You never have to coax them to take Castoria. They like it.

You know how suddenly second summer ailments develop. Be prepared with Castoria. Genuine Castoria always has the name, Chas. H. Fletcher, on the package. It now comes in two sizes. The new family size contains about 2 1/2 times the amount in the regular size.

Chas. H. Fletcher.

First Prize Awarded Lone Star Gas Co. In Utility Advertising

First prize for the best public utility institutional advertising in the United States has been awarded to the advertising department of the Lone Star Gas System, by the Public Utilities Advertising Association. More than 100 companies in the United States and Canada with several thousand ads were entered in the contest. The company also won honorable mention for an ad entitled "A Timely Reminder" which urged preparation for winter heating.

The winning ad appeared in this newspaper and other Texas newspapers last fall and was titled "Your Gas Dollar—What Becomes of It?" The advertisement displayed a large dollar divided into various sections, showing that 93c of each gas dollar stays in Texas, being spent for materials, supplies, gas, taxes and wages. Taxes alone, according to the company, amount to 54c per month for each customer on the system. The theme of the ad was that most of the money paid out by customers for gas is put right back into the state to maintain a dependable and uninterrupted gas supply, and also to develop the gas system for future needs.

Both ads were written by Willard G. Wiegell, assistant advertising manager for the Lone Star. Art work on the winning ad was done by Hugh Cargo, commercial artist of Dallas. Type setting, mats and electros were furnished by Western Newspaper Union.

Mrs. John C. Young and son are visiting relatives at Rockwall this week.

First Texas Summer Hog Butchering

The first large scale summer hog butchering in Texas took place recently at Navasota, and proved conclusively that hogs can successfully be killed and cured in summer to save farmers high cured meat costs and help them realize a profit on their almost unsalable hogs. Upper left shows group of farmers' wives engaged in learning the proper way to can by-products. Upper right shows W. L. Ross, county agent of Grimes county, with carcasses hung up for curing. Lower left shows Mrs. B. H. Anderson, secretary of the Navasota C. C. who managed business details of the curing, and the lower right picture shows the cutting gang preparing the meat to be cured. The average hog was worth \$5.66 alive and is worth \$14 cured, curing costs only \$1.50 each.

Black-Draught Clears Up Sluggish, Dull Feeling

"I have used Thedford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good, for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Thedford's Black-Draught.

BRIDGE LUNCHEON

Honoring her sister, Mrs. Boyd Wells of Austin, who is spending some time here in the home of her parents, Mr. and Mrs. T. S. Henderson, Mrs. John Cecil Culpepper entertained from 9 to 12 o'clock on Tuesday with a bridge luncheon.

Pretty home grown roses and seasonal flowers graced the rooms in bowls and vases, making a very attractive setting for the three tables arranged for contract bridge.

Merry games held interest for a few hours, ending with high score being captured by Mrs. Rush Thomas while Mrs. R. P. Jeter was consoled with low score, both receiving pretty gift shop articles. Honor guest was presented with bridge cards.

The hostess was assisted in the hospitalities of the occasion by Mrs. John B. Henderson and served a lovely two course luncheon on game tables laid with pretty covers and were centered with bowls of pink lilyput zennias.

Out of town guests other than the honored guest were Mrs. Hamilton Bonnet of Evanston, Ill., and Mrs. Ernest Beard of Hillsboro.

CONTRACT BRIDGE CLUB

The Friday Contract Bridge Club had as hostess last week Mrs. John B. Henderson at 3:30 o'clock at her home.

Dainty pink lilyput zennias were arranged in bowls, giving a bright tonal effect throughout the rooms where three tables were placed for games. Highest score was made by Mrs. Bassett Watson, low went to Mrs. Eugene Green, both receiving china and glassware.

Mrs. Ernest Beard assisted the hostess in serving a refreshing plate with ice drink. Guests beside club guests were Mrs. Cecil Culpepper, Mrs. Ernest Beard of Hillsboro and Miss La Verne Bowmer.

1. The bride is the daughter of Mr. and Mrs. Leonard A. Cone of Minerva. The bridegroom is the son of Mrs. L. C. Allen of Temple. Both parties have many friends in this section who will be interested.

MARAK-KULAK

R. A. Marak and Miss Albenia Kulak surprised their many friends by quietly getting married Monday morning, August 8 at 7:30 o'clock at the Catholic church at Marak, Rev. Father K. Kacer, performing the ring ceremony in the presence of close relatives. The happy couple left immediately after the ceremony for a wedding trip to Houston and Galveston.

The bride's parents live in Bryan. She is a graduate of the Cameron Hospital training school and has made her home in Cameron since graduating. She was attractively dressed in a pink crepe gown of becoming lines, with accessories to harmonize. Her traveling dress was navy blue crepe with hat and shoes to match.

The bridegroom is the son of Thomas Marak of Marak. Has made his home in Cameron the past eight years and for five years has been employed at the First National Bank. He is a splendid young man and enjoys the friendship and esteem of a large circle of friends.

They will return to Cameron where they will keep house.

CHRISTIAN AID

The ladies of the Christian Aid met in the home of their president, Mrs. Robert Young. After a business session Mrs. Raymond Beard led a devotional meeting.

YOUNG PEOPLE'S CHOIR

The young people's choir of the Methodist church is growing in interest and numbers and will make its second public appearance at the next Sunday night church service. The choir is composed of girls and boys of intermediate and high school age and recent high school graduates. An urgent invitation is extended to girls and boys of these age groups to come to the rehearsals each Monday evening at 7:30, in the church, and to become members of the choir.

The director of the choir has had extensive training in voice and choir work with special training for work with children's and young people's voices in the University of Texas and choir and chorus conducting in the Chicago Musical College. This training has been supplemented by several years of professional experience. All young people singing in the choir will receive worth-while training. Where special talent is discovered there will be given special opportunity for development. There is no expense connected with membership in the choir as this is part of the church program for young people.

At a recent meeting the following officers were elected:

Director, Miss Jessie Guffey, assisted by Mrs. Roy Baskin.

President and accompanist, Miss Billie Gaither.

Secretary, Miss Carolyn Cheever; Parliamentarian, F. E. Jackson Jr. Many pleasant social affairs are being planned for the Young People's Choir in the future.

BAPTIST W. M. S.

Interesting Bible study lessons were held Monday afternoon. The Eunice Taylor Glass circle met with Mrs. Jim Barmore at Maysfield with 12 members and two visitors present. Mrs. Archie McLerran led the lesson. A social hour was enjoyed at the close of the lesson. They will meet next Monday at 4 o'clock with Mrs. Joe Denson.

Mrs. W. H. Henley was hostess to the Lillie Mae Hundley group with nine in attendance. The lesson was ably led by Mrs. Mattie Shepherd. Mrs. George Mangum will be hostess for the group next Monday afternoon at four o'clock.

Mrs. John Denson led the lesson for the Lottie Moon circle at the church with 9 members present. They will meet next Monday at the church at 4 o'clock for lesson.

The cow gave 282 pounds of butter fat in her first lactation period.

met with Mrs. C. W. Bradbury with five in attendance. Miss Mable Jeter led the lesson. They will meet Monday with Mrs. N. D. Timmerman at 4 o'clock. All circles will meet for Mission study.

CAMERON K. C.'S WIN FROM SHARPE IN SUNDAYS GAME

The Cameron Knights of Columbus won a closely contested game from the Sharpe team Sunday afternoon, the score being five to two.

Vogelsang for the Knights allowed nine hits, Anderson for Sharpe allowing only seven.

The Knights began scoring in the second inning when Worcester tripped then scored on an error. The Knights remained hitless from then until the sixth inning when the big rally started. Price and M. Vogel-sang singled in succession, Lud Matula got on by a pitched ball, Ondrej singled scoring Price and M. Vogel-sang, then with two outs E. Vogel-sang tripled clearing the bases. The Knights ran up 4 scores on 4 hits. For the next three innings the Knights drew only one hit.

Although Sharpe had four hits to her credit up to the sixth inning their first score came in the sixth when Hooks connected for a homer with the bases empty. The remaining score came in the eighth inning when Reichert singled and was advanced by Hooks and Anderson.

Score by innings:

KNIGHTS LOOSE OPENER TO LITTLE RIVER FLOODERS

The Cameron Knights of Columbus team went down in defeat in the first series game of the consolation group for the championship in the Temple Telegram cup race, by losing to the Little River Flooders 3 to 4 in the game at Little River Friday. Latham for Little River sold defeat for the Knights allowing only eight hits and ending the ambition of 11 batsmen at the home plate. Anderson for Cameron allowed 8 hits and struck out 6 in six innings, Thweatt two hits and two strikeouts in three innings. Little River scored in the first inning on Houston's triple and Caldwell's single. In the fifth Beard gained first base by being hit by the pitcher, stole second and third and came in on an error. In the sixth Caldwell tripled and came in on an incomplete fielders choice. The big guns started in the seventh five hits bringing in five runs.

Cameron made two scores in the fourth on successive singles by Worcester, Thweatt, Walker and Michalka. In the fifth Ermis singled and Anderson connected for a home run scoring Ermis. For the remainder of the game Latham allowed only two hits.

METHODIST CHURCH

"Faith of our fathers, living still
In spite of dungeon, fire and sword;
O how our hearts beat high with joy
Whenever we hear that sacred word."

Our forefathers had the faith and courage to go through many hardships in order that we might have a better country in which to live. They saw that churches were essential and they built them all over our land at a great sacrifice. I am sure that every citizen of Cameron realizes the importance of churches in any community. The thing to do is to show your appreciation of what has been done, and what is being done, by attending and supporting the churches. Go to one of your choice Sunday.

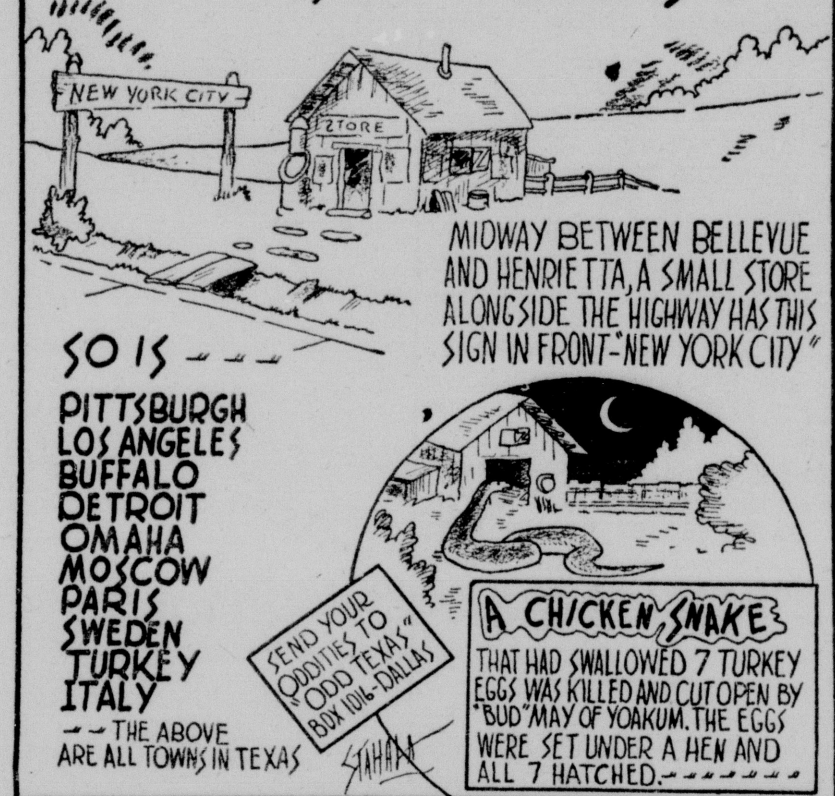

Rev. E. L. Ingram, presiding elder of the Marlin District, will preach at the morning service and hold the third Quarterly Conference at 2 p. m. Sunday.

The pastor will preach at the evening service, his topic being "The son and his father." This is the second of a series of four sermons dedicated to young people. All the young people are cordially invited. The young people's choir will have charge of the music and will sing a negro spiritual as their special number. The membership of the choir has increased largely this week and much enthusiasm is being shown in their work.

Last Sunday showed a substantial increase in attendance at all services of the church. Sunday school meets at 9:45, morning service at 11, Epworth Leagues at 7 p. m. and evening services at 8 p. m.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

JOSEPHINE GLASER IS FATALLY INJURED IN HIGHWAY CAR WRECK

Miss Josephine Glaser, 14, was fatally injured at 4:30 a. m. Sunday, August 7, 1932, in an automobile crash near Golinda on the Waco road when the truck in which she was riding with Charles Everett Bell of Cameron and sister, Miss Edna Glaser.

The accident occurred, it was said when the truck was driven to the side of the highway in passing an automobile. The machine plunged down an embankment, pinning Miss Glaser underneath. Mr. Bell, who was injured succeeded in releasing Miss Glaser from the truck wreckage and she was taken immediately to a hospital in Waco where she died at six o'clock Sunday afternoon.

Mr. Bell and the Misses Glaser had been to Dallas where Mr. Bell had gone on Saturday to deliver a truck load of melons. They were returning and according to Mr. Bell, about one mile from Golinda he saw a car coming down the highway with no lights and being badly driven. He said that two men were standing on the running board of the approaching machine. He drove out to the right side of the road near the embankment and as the car approached him, he said it swerved toward his truck and in an attempt to avoid the crash his truck went over the embankment, crashing through the guard railing and plunging 15 feet below. He said the car was driven away rapidly and the men made no attempt to render assistance.

Miss Edna Glaser was only slightly injured. Miss Josephine Glaser received internal injuries and was badly cut and bruised about the body and chest.

Miss Josephine Glaser had completed her grade school studies at Curry last June and was planning to enter Yoe high school in September. She was popular and loved by a large circle of friends who deplore her tragic and untimely death.

Funeral services were held at the Buckholts Hope Lutheran church on Monday afternoon, August 8, 1932 conducted by Rev. Paul Cckerkus. Interment was made in Oak Hill Cemetery in Cameron.

Miss Glaser is survived by her parents, Mr. and Mrs. Otto Glaser, who reside on a farm about two miles north of Cameron on the Ben Arnold and Waco road; two sisters, Misses Edna and Nadine Glaser and one brother, Alvin Glaser.

Funeral arrangements were directed by C. N. Green and Bros., of Cameron. Paul bearers were Emil Stark, Harold Wade, Ervin Fuch, Bonnie James, Henry James and Coleman Duncan.

COUNTY VALUES BEING SET BY COMMISSIONER BOARD OF EQUALIZERS

The Commissioners Court is in session this week sitting as a board of equalization to fix the renditions of property in Milam county.

The Court is making every effort to equalize values and to relieve the tax payers wherever possible. County Judge Jeff T. Kemp is presiding and the four Commissioners attending are R. A. Hairston, H. H. Moore, N. H. Butts and H. A. Fuchs.

When the work of passing upon renditions is completed the court will adopt the budget prepared by Judge Kemp in accordance with the new law.

COUNTRY SAUSAGE AND CHICKEN SUPPER

At the Catholic church grounds in Cameron Sunday, August 14. The supper will be served beginning at 6 p. m. The admission charge will be 25c for adults and 15c for children. Eat all you want. There will be a concert by the Pioneer Band of Cameron.

W. D. Bigbee, who is employed by the County in Corsicana, spent the week end here with his family.

JOE BURKETT

Joe Burkett, former State Senator from Eastland and now a resident of San Antonio, will speak to the voters on the Court House lawn at 2 p. m., Saturday, August 13 in the interest of his candidacy for Congressman at Large, Place No. 3. Mr. Burkett is in a run-off with Sterling P. Strong of Dallas, anti-saloon league candidate. Mr. Burkett advocates immediate payment in cash of the soldier's bonus. He charges Mr. Strong is out of harmony with the Democratic party because he bolted and voted for Hoover in 1928 while Mr. Burkett supported Gov. Smith and the entire party ticket. Sterling P. Strong, a life long Dry and Anti-Saloon League friend, says that anyone who raises prohibition at this time is an "enemy to his country." Both the candidates for President and Vice President have declared for repeal, says Mr. Burkett and Mr. Strong is at odds with his party.

Mr. Burkett urges strongly a cut in expenses of the government and declares the present extravagance in Washington means bankruptcy and ruin.

New Essex Car Shown Here; Terraplane Is Name of New Model

An entirely new Essex automobile has entered the low priced field. It is the Terraplane. A demonstrator has been received in Cameron by The Tire Store owned by Horstmann Bros. The Essex Terraplane is the lowest priced six in America and is priced at \$425 f. o. b. Detroit. The motor develops 80 horse power and the car is built with the same sturdy measures as the famous Hudson and Essex line. In remarkable tests over the nation the new car has amazed the public, says Mr. Horstmann and its low price makes it the most sensational development in automobile circles in recent years.

Highway Garage Here Burglarized; Gas Is Stolen From Pumps

The garage and storage warehouse of the Texas highway department located east of the city on the Rockdale road was burglarized sometime Monday night.

Deputy Sheriff Will Vaughn reports that 53 gallons of gasoline was missing from the pumps and storage tank and indications were that lubricating oil was stolen.

Two locks were broken. Ben Nicholson, employe, discovered the burglary. The garage and storage building is in charge of J. H. Reaves, maintenance superintendent for the department here.

Mr. Vaughn reported no clues had been found leading to identity of the thieves.

Banks Remain Open Until 4 p. m. For The Cotton Season

The Citizens National Bank and the First National Bank will remain open until 4 o'clock in the afternoon during the cotton season, it was announced this morning.

During the summer months the banks have been closing at three in the afternoon. In order to accommodate farmers and business the banks will remain open until 4 in the afternoon during the fall.

Run Off Ticket Longest Second Primary Ballot In the History of Texas

Judge John Watson Is Operated On In Dallas

Judge John Watson is in a Dallas hospital, having been operated on this week. The many friends of the Judge in Cameron and Milam county will regret to know of his illness and wish for him a speedy recovery.

Reports Wednesday said Judge Watson was doing well and improving.

There will be 18 names on the run off Primary election ballot to be voted on Saturday, August 27. This is the longest second primary ballot in the history of the party.

In addition to the state ticket there will be a run off between R. L. Batte, Jr., of Thorndale and L. L. Blaylock for Sheriff and in the 65th District there will be a run off between Henry B. Krenk and Jesse James for representative.

A run off will be held in Precinct (See RUN OFF on page 4)

Court Gives J. C. Tucker More Records and Time To Make Defense Audit

Sheriff and Deputy Arrest Two Charged With Burglary

Two men, J. McKenzie of Chickasha, Oklahoma and Temple Holt of Water Town, New York, were being held in jail here and charged with burglarizing the George Diver home in the New Salem community Wednesday.

Sheriff Blaylock and Deputy Will Vaughn, arrested the men in the Black Jack community this morning after an all night search.

They had, according to Deputy Vaughn, taken a quantity of clothing and other articles from the home.

Aged Minister Dies At Maysfield Home

S. S. Bozeman, 78, died suddenly Wednesday afternoon on the Joe Aycock farm near Maysfield. He was to begin a meeting in that vicinity soon. Heart failure was said to have been the cause of his death.

He is survived by two sons, Frank and Sam Bozeman of Brownfield, Texas.

The body was at the C. N. Green & Bros., funeral home and will be sent to Tipton, Oklahoma, Thursday night for burial there.

A supplemental petition filed by attorneys for J. C. Tucker, charged by indictment with embezzlement, false entry and drawing without authority, asking for additional records of the Cameron State Bank to complete his audit of the bank, has been acted upon by Judge E. M. Dodson of Marlin, presiding in the 20th Judicial District Court here.

Additional records asked for have been permitted Mr. Tucker, with the exception of the Teller's Cash book, made a subject of special appeal for withholding by Criminal District Attorney, Jack Lewis.

The Cameron State Bank closed its doors on December 17, 1932 and J. C. Tucker was indicted on 17 counts by the May grand jury in District Court here.

Judge E. M. Dodson, presiding in the case, granted further time to make the audit and gave over for use of the defendant under the care of J. C. Wright, in charge of liquidation of the bank for the State. Judge John Watson was recused in this case.

Records permitted by Judge Dodson in his answer to the supplemental petition are as follows:

Ledger sheets with all books and papers pertaining to the account of the American Legion.

CATHOLICS WILL SERVE SUPPER HERE SUNDAY

A country sausage and chicken supper will be served on the Catholic church grounds here Sunday, August 14 beginning at 6 p. m.

A feature of the supper will be a tribute to Rev. Father Geo. Apel who will celebrate his 36th year in the ministry of the Catholic church. He has been in Texas for 40 years. It was during his pastorate that the magnificent new church of St. Monica's was built in Cameron and his work has been outstanding in the local parish and the members will join him in celebrating his 36th year in the ministry.

The public is invited to attend the supper and a large number are expected for the event.

There will be a band concert by the Pioneer Band of Cameron led by J. T. Parma.

The admission charge will be 25c for adults and 15c for children.

Play Thursday Night By Church Children On Yoe High Stage

The Missionary Society of the Methodist church are sponsoring a play "The Kings Love Quoit," where the Beginners, Primaries, Intermediates, Juniors and young people of the Sunday school will take part. Talent from other churches will also be on the program. Mrs. John Olson and Mrs. J. L. Clinton, assisted by other ladies of the Society have charge.

Miss Mollie Moore will direct and supervise the decoration of the stage at the Yoe high school where the play will be given Thursday evening, August 11 at 8 o'clock. One of the features will be a huge cross of evergreen and roses where small children will be grouped will be worth the price of admission alone, which is 10c for children and 15c for adults. Proceeds are to be used for worthy causes and the ladies have labored for weeks to make it a success.

Fishing Party Back From Devils River Annual Pilgrimage

Back from their two weeks annual trip to Devils River near Del Rio the Cameron party composed of R. D. Brown, R. P. Jeter, Bob Terry, Robert McCown, Claude Triggs and Oscar Carter the cook, report a delightful stay in the rock country and all are feeling the effects of the vigorous outdoor life.

The party goes each year to their camp on the Devils River some miles from Del Rio. These trips have been made over a period of years and the party members look forward each year to the fishing expedition.

The camp site is one of the scenic spots of Texas, only a short distance from the Pecos canyon and out in the mountain country where silence hems them in and the nights are chill in comparison with the cotton country.

Mr. Brown speaking for the group reports successful angling with always something in the pan. The water is reported low in the river and very clear.

Masons Install New Officers In Cameron

District Deputy Grand Master, J. W. Haygood installed the officers at San Andres Masonic Lodge as follows:

Jesse Brock, Worshipful Master; P. W. Davis, Senior Warden; A. J. Smith, Junior Warden; John Hays, Senior Deacon; B. L. Archer, Junior Deacon; Max Collins, Senior Steward; George Richards, Junior Steward; John Haygood, Treasurer; H. E. Garner, Secretary.

Post greetings to friends in Cameron from Mrs. Dr. Gill tell of a wonderful trip she is having this summer telling of her visit to New York, Orange and Wildwood, New Jersey, Delaware, Philadelphia and also a lovely visit with her daughter who is known here as Miss Florence Gill. She spoke of returning to Texas sometime during this month.

PRICE IS WELL ABOVE 7 CENTS IN CAMERON SPOTS MARKET TODAY

With more than 100 bales of the new crop 1932 cotton ginned in Cameron up to noon Thursday, the movement was getting under way with the prospect that by next week the gins would be running to full capacity.

Spot cotton was bringing \$7.05 to \$7.10 Thursday morning in the local market. Indications were the market would hold substantially its gains of the past week and farmers and business men were rejoicing over the significance of the upward trend and its influence on business.

Crop conditions in Milam County are felt to be average for the whole area. It was predicted that the crop would be around 50,000 bales, but continued dry, hot weather had made deterioration rapid, especially in the uplands. The government forecast of slightly over 11 million bales has stimulated the market and it was predicted by local cotton merchants that the price would advance still further.

Resumption of manufacturing and buying together with increased consumption abroad gave a decided optimistic trend to the cotton situation.

THREE MEN HELD ON BURGLARY CHARGE IN MAYSFIELD ROBBERY

Two men are held and one has made bond growing out of charges filed by the Sheriff's department following the robbery of the Maysfield Mercantile store and post office at Maysfield at an early hour Saturday morning, August 6.

Joe Castoria of Bryan, following a hearing before Justice of the Peace, John Thweatt at Maysfield, has made bond in the sum of \$750 and has been released from the county jail.

Charles Wilson and William Solomon, both waiving examining trial before Justice Thweatt were being held through failure to make the bond of \$750 each.

According to Deputy Sheriff Will Vaughn, the men were placed under arrest at the Maysfield store at 2 a. m., Saturday by a posse of citizens after a burglar alarm had sounded attracting their attention.

Clarence Freeman, manager of the store, and two sons, William and Tyson Freeman, Worth Arnold and Arnold Owens, placed the men under arrest. They telephoned and Sheriff Blaylock and Deputy Vaughn went to Maysfield and brought the trio to jail. According to their story a car was seen to leave the store. The five men secreted themselves near the store and when the car returned a few minutes later, one of the men got out of the car and went to a window which had been broken. They were arrested.

Stamps to the value of \$3.91 were missing from the post office. Merchandise to the value of \$10 was missing and small change to the amount of about \$1 was missing. Included in the merchandise were cigarettes, soap, a flashlight and a cap. The merchandise was found Sunday afternoon near the side of the highway about two and a half miles from the store in the direction of Bryan. The merchandise was found by Ed. die Wilkerson, a negro farmer. Deputy Vaughn had been in search for the missing goods. The stamps were not found.

Mr. Organ, postoffice inspector and Bertillon expert from Waco investigated the robbery and made finger prints found on the glass and window and also made finger prints of the three suspects held in connection with the burglary. A formal charge of burglary was filed against the men. A large pair of cutters were used to clip the bars across the window. The cutters were found by Deputy Sheriff Vaughn and have been turned over together with other evidence to Criminal District attorney Jack Lewis.

Suggestions for Making Better JELLIES and JAMS

by Grace Viall Gray, Sec'y International Canning Contest

The Joys of Jelly Making

Grace Viall Gray

Jelly making is easy today. It is so simple. Gone is the guess work and the uncertainty in jelly making. Any homemaker can make clear, sparkling jelly that she can serve to her family and friends with great pride.

But before we go any further, let us decide just what we mean by a good jelly. A good jelly is clear, attractive in color, and free from crystals and sediment. There should be no evidence of crystals or "sugariness," even in grape jelly. When removed from the glass it retains its shape and yet quivers when touched. It is tender, not tough, gummy or

The International Canning Contest is offering more than \$5,000.00 in Cash and Prizes for the best jars of Home Canned foods. There are prizes for entries in the Fruit, Vegetable, Meat and Pickle Classes. Also special prizes in the Jelly, Jam and Marmalade Classes. Enter this Contest and win a prize. . . there is no cost. Full particulars may be had by writing to Grace Viall Gray, Log Cabin, North Aurora, Illinois.

syrupey, and it spreads smoothly on bread. The flavor and odor should be pleasing and characteristic of the fruit from which the jelly is made. You can make jelly like this. You can make jelly that would score 100 per cent at Fairs, bringing you fame and premiums.

Have you ever stopped and asked yourself just what is jelly? Jelly after all is the product obtained when we combine the juice or combination of juices of certain fruits with the right proportion of sugar, and cook the mixture until it becomes a clear, tender jelly. All fruit juices however, do not make perfect jelly, for to make a perfect jelly it is essential that the fruit juices contain acid and a natural jelly making substance called pectin, in just the right proportions.

Most homemakers know that some fruits jelly quicker than others. As an example, concord grapes. The juice of under ripe grapes will jelly after a very short boiling period, while the ripened fruit requires a much longer boiling period. This shows how nature during the process of maturing fruits to their full flavor, removes the jellying substance or pectin. By adding pectin to your fruit juices you are merely giving back to the fruit what nature removed. Citrus fruit pectin, made as it is from lemons and oranges, is nature's own jelly maker. It is merely a jellying substance and nothing more. By adding pectin to your

fruit juices you are always sure of a perfect jelly.

So the secret of making good jelly might be summed up as follows:

1. Use a small amount of juice at one time, that is, never work with more than two quarts of juice at a time.
2. Use powdered citrus fruit pectin to supply the necessary jellying substance.
3. Use a flannel jelly bag for straining juices and never squeeze if you wish a nice clear jelly.
4. Use a standard cup without a flared edge and measure both juice and sugar in this standard cup.
5. If you wish to make a tart jelly add the juice of one lemon to every batch. Add the lemon juice to the fruit juice.

The following question is asked me more than any other one question—How can you tell when the jelly has boiled enough? The best way to tell whether jelly, or jam for that matter, has boiled long enough is by the spoon test. Dip a clean spoon (wooden if you have one) into the boiling juice and hold it up. If the liquid drops off freely it should be boiled a while longer or until the syrup "sheets" on the spoon. When this point has been reached, remove from fire, skim, pour into glasses and cover with hot paraffin. A second light layer of paraffin may be added the following day. The boiling point varies with different kinds of fruits, but if you will use the spoon test your jelly will always be perfect.

Jelly is a real food and satisfies that craving for sweets that we all have. So let's make hundreds of jars of different kinds of jellies now for our family to eat during the coming winter months. Have you ever tried gooseberry jelly, peach, pear or pineapple? You can make delicious flavored jellies by blending different juices. You can have a lot of fun in your kitchen in the cool of the day by getting out your preserving kettle and combining several fruit juices with which to surprise our admiring family later.

And when the day of jelly making is over and the preserving kettles are put away on the bottom shelf of the pantry once more, how proud you are going to be as you stand and survey your work. Beautiful glasses of red, yellow and purple jelly. Squat lit-

tle jars of preserves and marmalades. As you stand and look at it you will say "It was not hard either. It was fun."

There are some satisfactions that money or leisure cannot buy. The joy of creating these delicacies is one of them. You enjoyed preparing them, but think how much more enjoyment you are going to get this winter when you can serve peach jelly on your hot biscuits and how fine that meat will taste with a spoonful of red jelly beside it.

JONES PRAIRIE

By MRS. R. K. FONTAINE

(Delayed from last Week)

The following people enjoyed a picnic and spent the night at Brazos River Monday: Mr. and Mrs. S. S. Hickman, Mr. and Mrs. T. B. Stidham and daughters, Mary Tom and Ella Jean, Mrs. Mollie Stidham, Mr. and Mrs. Brant Smitherman and daughters, Curly and Ruby, Mrs. Lee Marek and Jimmy, Mr. and Mrs. R. Fontaine and Billie, Mr. and Mrs. P. H. Love and daughters, Clara Bennett and Aetna and sons, Oliver Jr. and James, Mr. and Mrs. Rufus Love of Greenville, Miss Allen of Stillwater, Okla., Lions Gause of Houston, Merii Carroll and Oleta Reese of Cameron, Connie Mae, Joe and Marvin Hickman, Merlin Lester, Barnmore Jones, Watts Weise and Vernon Fontaine.

Mr. and Mrs. N. C. Erskine and son, Fontaine and Miss Ruth Clator of Temple spent Monday at the Dr. Fontaine home.

Mrs. A. K. Tyson and son, Arthur of Calvert helped Dr. W. J. Fontaine celebrate his birthday on August 1.

Miss Ethel McKinney returned home Saturday from A. and M. at Bryan where she attended the Encampment.

Richard Jones, infant son of Mr. and Mrs. Bailey Jones, has diphtheria.

Mr. and Mrs. Orvil Canady and family spent Sunday at the Geo. Roden home.

Nadine Burnett, who has been ill is somewhat better.

Mrs. Willie Burnett returned to her home Saturday from Cameron hospital where she underwent an operation.

Lee Marek made a business trip to San Antonio Monday. Mrs. Fred Lapin of that city accompanied him back to visit.

Dorothy Jane Harrell was sick the first of the week.

Miss Evelyn Harrell was a guest of Mrs. Roy Harper part of last week.

Mr. and Mrs. Rufus Love spent the week end here. Mrs. P. H. Love returned home after spending four weeks with them in Greenville.

SHARPE

By SANDERS AND BROWN

The community has been in a hot condition the past week. The hottest weather for years has caused perspiration to roll down the cheeks of these unlucky farmers so immensely as to moisten every thread in the clothing. Corn is actually popping on the stalk—popcorn for sale! Cotton is doing fine in spots and wilting to the ground in others.

Mr. and Mrs. C. K. Middleton returned last week from their honeymoon in New Mexico and points in West Texas. We are very glad to welcome them into our community where they will make their new home.

A revival meeting conducted by Rev. Sangbert of the Panhandle country just closed at the Presbyterian church here Sunday night with 13 additions and a number of people rededicating their lives to God, resolving to be His humble servants in the future.

Mr. and Mrs. Maron Massey and Miss Grace Woodie of Petrus spent the past week in the Glass home here. They also visited relatives in Friendship.

Mr. and Mrs. B. F. Davis and son, Berry Jr., of Dallas spent the past week here.

The Smoot revival at Lilac, near here, has been canceled.

The Sharpe baseball team with Anderson on the mound met a 5 to 2 defeat with the Cameron K. of C. team. Hook featured excellent batting, however every player was on his toes from start to finish.

A mistake was made by the writ-

ers in this column last week in regard to the Sharpe-Gay Hill game. A statement that "the Sharpe team defeated the Gay Hill team by a score of 26 to 6 must be reversed. Gay Hill defeated Sharpe by this score.

Mrs. Floris Criswell and two sons of Calvert visited in Cameron Sunday and were accompanied home by Mrs. J. B. Rector of Shreveport, La., who is visiting relatives in Cameron. Mrs. Rector visited friends in Back-holts last week.

THE COMMERCIAL USE OF TEXAS HIGHWAYS IS A PRIVILEGE, NOT A RIGHT

● The highways of Texas are the property of its citizens. They constitute a system of nearly 200,000 miles of road of which 20,000 miles are designated as State highways and the remainder are county roads. All types of road are represented in this system, less than 5% have so-called "permanent" surface.

The total cost of these highways is unknown but it amounts to many hundred million dollars. From 1917 to 1930, inclusive, counties and road districts of the State issued \$243,592,834 in bonds for the construction and improvement of roads and bridges. In the two-year period ending August 31, 1930, the State Highway Commission expended \$89,032,825, of which \$22,488,426 was for maintenance of the State highways.

In view of these tremendous costs the preservation of our highways from rapid wear and destruction is a matter of very vital interest to their owners, viz., the public. It is especially important that they be made to outlast the life of the bonds, which run from 20 to 30 years.

The use of the public highways for commercial purposes is not a right but a privilege which may be withheld or granted subject to such restrictions, regulations and charges as the Legislature may see fit to impose. Such regulations are intended to promote safety, preserve the highways and safeguard the interests of the public.

Texas Railroads, which pay the entire cost of construction and maintenance of their own roadbeds and, in addition, make substantial contributions to the cost of Texas highways, are thoroughly regulated with respect to their services, rates, methods and practices. There is no good reason why commercial users of the highways, built and maintained at the expense of the public, should not likewise be regulated to such extent as the public interest requires and pay such charges as will represent proper compensation for the privileges granted them.

○ The statutes governing highway transportation as enacted by the Forty-second Legislature represent the wishes of the citizens of this State and express their desire to give equal rights to all and special privileges to none. These statutes should be given a fair trial and their value ascertained. Unless this is done, a chaotic condition in transportation as a whole will surely ensue.

Criminal District Attorney Jack Lew, is pleased that the delay necessitated by the consumption of time is pre-judicial to a policy of speedy justice and that many matters are involved in the records and accounts that are of no interest to the defendant. Mr. Lewis sets out that Mr. Tucker is not a stranger to the records of the bank because of his service as a Director, Vice President, Cashier and stockholder; that he had actual charge and kept personally a number of the records involved in the exposition of evidence used in the indictments.

Mr. Lewis asked the court to instruct that all records be used under the supervision and custody of J. C. Wright in charge of liquidation.

The Teller's Cash Book, Mr. Lewis sets out in his answer, was in part kept with pencil and erasures are shown and entries remade and these should be kept in their original state as evidence to be used.

Ten days was set out by Mr. Lewis as sufficient time in which to perfect the defense through audit.

BAPTIST CHURCH

Despite the season of vacation we are expecting a large number of people to our services on next Sunday. All of our church family, and all who are not in their own churches are cordially invited to be present at our various services. Strangers to the city are given a most cordial welcome.

Our Sunday School meets at 9:45 a. m. You will want to be in one of our organized classes. Let's keep them standardized. The B. T. S. meets 6:45 p. m. No more important organ of our church can be found, both for old and young.

Sermon topics for next Sunday will be "The Happy Way" and "The Rot of American Society." Are you troubled? Burdened? Sin-sick? Heart-famished? If so, come to our preaching services and we will do thee good.

INFANT DIES

Boy Scout News

Troop 52, J. A. Lindle, Scoutmaster

Troop 52 held its regular meeting Friday night at the City Park with a full attendance of Scouts, the Scoutmaster and a number of visiting boys. There were no committeemen present. Due to the public concert of the Cameron Municipal band being held at the park, the meeting got off with a late start and the entire time was given over to games which included relay races and athletic stunts. The final episode of the meeting was a watermelon feast, the melons being furnished by the Moraw brothers.

The watermelon feasts are always enjoyed and we hope that these Scouts will continue to raise good melons. Next week the meeting will be held in the regular meeting place, the Knights of Columbus Hall. Troop 52 is proud that Senior Patrol Leader Ernest Michalka has been awarded the Knights of Columbus Scholarship to Saint Edwards University at Austin.

This six year scholarship was allotted by the Saint Edwards University for distribution by the Texas Council of the Knights of Columbus. Scholarships are given for a four year period, and are awarded on merit to graduates of an accredited high school, the preference being given to those who show qualities of leadership ability. Leadership training is one of the principal objects of Scouting, and the fact that this scholarship has been awarded to a registered Scout, makes this an even greater signal honor, that Scout Ernest has been selected as one of the winners from a large number of applications. Scout Ernest is one of the charter members of Troop 52 and has held continuous registration for the past five years. We hope that Ernest will be able to avail himself of this opportunity and that he will continue to develop leadership ability whether it be in Scouting or business. Let us give him big 'HOW' boys.

ness. Let us give him big 'HOW' boys.

Troop 32, B. L. Archer, Scoutmaster

Troop 32 held its regular weekly meeting in the Scout hall Friday night. Earnest Sharpe, Senior Patrol Leader was in charge of the meeting as the Scoutmaster could not be present. After the announcements, the meeting was turned into an evening of play. An all night hike was announced for next Friday night.

Troop 53, J. W. Haygood, Scoutmaster

We were in camp last week and had no meeting in Cameron. Every Scout that went to summer camp reports having a fine time. Scouts Billy Gillis, Hilliard Thomas and John Haygood passed the Junior Red Cross life saving tests on this camp. Their next step will be Senior Red Cross life saving which they can not get until they are 17 years of age.

Several Scouts passed their swimming test for merit badges. Sorry that we do not have their names at this time. Several Scouts also passed various ranks in Scouting, so you see this was a very profitable as well as an enjoyable week for Troop 53.

We want to thank Messrs. J. C. Martin, W. G. Gillis, Albert Triggs, Leonard Blaylock, Walter Lucas, C. H. Pollard and our Scoutmaster for bringing us home and also to thank Harold and F. E. Jackson for the grapes they sent to us while we were in camp.

Our Scoutmaster has a picture of our swimming hole and Friday night camp fire and those Scouts who did not go to camp can see those pictures and weep.

Our Troop field high score in baseball and made a good showing in the other sports such as swimming, shooting, horse shoe throwing and washer pitching.

WEEKLY COTTON LETTER

Supply

The Egyptian government has recently estimated their 1932-33 cotton acreage at 1,135,000 acres or 35 per cent less than in 1931-32, and 48 per cent less than the 1930-31 season. Egypt ranks third among the foreign countries producing cotton, and it is important to note that the current low price of cotton is forcing a reduction in acreage abroad as well as in our own country.

The late spell of hot weather and high temperatures has resulted in much deterioration over Texas and especially in the southern portion of the state.

Alabama and Georgia in particular report plenty of boll weevils with prospects for a very poor crop, while all of the other states in the belt report more or less deterioration.

The government on August 8 issued its first crop estimate of the season, placing the condition at 65.6, the yield per acre at 149.6, and the total yield in 500 pound bales at 11,306,000 for the cotton belt.

The government estimated the size of the crop in Texas at 3,826,000 bales, which is a decided reduction compared with last season.

Demand

The demand for cotton goods in this country continues to broaden and in the past ten days it is believed that sales of cotton goods have substantially exceeded production. For some months consumption of cotton in the United States has been at a very low rate, but the winter is confident that permanent improvement has now commenced and that the rate of consumption will show a steady increase.

Financial

The important feature in financial circles recently has been the sharp advance in stock and bonds, which has led to a much more cheerful feeling among business interests throughout the country.

Confidence is rapidly being restored and it is expected that a gradual improvement in many business lines will soon follow.

Market

The government estimate reflects a fair acreage reduction, considerable insect damage in all the states and a heavy reduction in fertilizing in the southern and eastern portion of the cotton belt, and indicates the crop smaller than the consumption for the new season.

As predicted by the writer for some time, fundamental conditions effecting cotton have been steadily improving and the writer firmly believes that the low price on cotton for the next several years was made last June, and expects cotton to gradually work higher with reactions from time to time.

It can now be stated with much

confidence that the bottom of the panic is behind us, not only in cotton, but in all other lines, and a gradual improvement in prices for all commodities, and also stocks and bonds should be seen in the future.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County,—GREETING

You are hereby commanded to summon Mrs. Mary E. VanZandt and husband, Dr. T. G. VanZandt and H. E. Dawson by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 5th day of September 1932, the same being the first Monday in September, 1932 then and there to answer a petition filed in said court on the 10th day of June, 1932, in a suit, numbered on the docket of said court No. 10,761, wherein Thornton Hamilton is plaintiff and Mrs. Mary E. Gandy and husband, Dr. T. G. VanZandt and H. E. Dawson are defendants said petition alleging:

Plaintiff alleges that the Southern Memorial Company by deed dated

December 30, 1926, recorded in Vol. 183, page 43, Deed Records Milam County, Texas, conveyed to Mrs. Mary E. Gandy 100 acres of land situated in Milam County, Texas, out of the J. A. DePena 11 League Grant, particularly described as beginning N. 51 W. 65 vrs. from S. W. corner J. A. Hopkins survey for N. E. corner this; THENCE running S. 19 W. 840 vrs. to S. E. corner; THENCE N. 71 W. 900 vrs. to corner; THENCE N. 19 E. 40 vrs. to corner; THENCE N. 71 W. 40 vrs to creek for S. W. corner; THENCE up said creek with its meanderings for base line 640 vrs. to corner; THENCE S. 19 E. 160 vrs. to N. W. corner; THENCE S. 71 E. 1510 vrs. to beginning. That said conveyance was for two notes for \$1000.00 each and one for \$2118.90 of even date with said deed, due one, two and three years from date, respectively, and reserved vendor's lien to secure payment thereof. That said Mrs. Mary E. Gandy is now Mrs. Mary E. VanZandt. That she did execute and deliver to the plaintiff, thereafter, deed to said land in consideration of payment of said notes which had been conveyed to plaintiff, but after so doing, she, with one A. M. Waugh did convey the land to defendant H. E. Dawson, who with defendant Cecil Mode is in possession thereof. That by reason of said facts plaintiff has superior title to said land, is entitled to possession thereof, which he prays. In the alternative he alleges the execution of said vendor lien notes as part payment of said land and by reason of the reservation of vendor lien in said deed to secure them and assignment of said notes to plaintiff, he has superior title thereto. He prays for title and possession of said land, for rents thereof. In the alternative for judgment for amount of the third of said notes for \$2118.90, interest, attorney's fee, foreclosure of said Vendor lien as against all parties defendants; for order of sale, writ of possession and general relief; and all as is shown by plaintiff's original petition on file in said cause to which reference is hereby had.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 30th day of July, A. D., 1932.

American Railroads Can Be Great Influence In Restoring Normal Conditions

A Statement to the Public by L. W. Baldwin,
President of the Missouri Pacific Lines

AMERICA never has been prosperous when our railroads were suffering and the nation always has prospered when the railroads did. Railroads have suffered terribly in the last three years, losing enormous volumes of traffic and revenues as a result of having to combat, simultaneously, both the economic depression and unregulated, subsidized competition.

Hardships to which railroads have been subjected have resulted in their being compelled to contribute, unwillingly, to prevailing distress. Great numbers of employees have been deprived of work because of the decreases in traffic volume, and purchases of the railroads have had to be curtailed drastically because of lack of funds, resulting from decreased revenues.

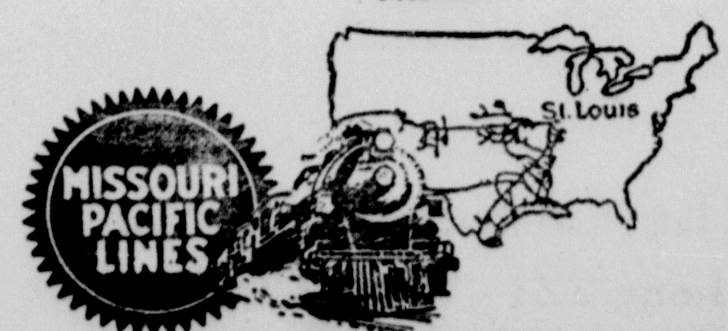

These conditions can be improved measurably if the entire transportation situation is stabilized. In other words, if railroads and other forms of transportation are placed on an equality with regard to regulation and opportunity, the railroads can be depended upon to provide America with the character of transportation service the country must have, at reasonable rates, and the railroads will find it possible to re-employ thousands of workers and again go into the markets for millions of dollars worth of iron and steel products, fuel—both coal and oil—lumber and forest products, and miscellaneous manufactured articles of every character.

The restoration of the purchasing power of American railroads can be made the balancing factor in bringing about a turn in present conditions and eventual restoration of normal conditions.

The time has come, and it is essential, that all forms of transportation be treated equally, fairly and justly, in the public interest. This will be done when the American people want it done and make their wishes known.

I solicit your co-operation and assistance.

Heroes of Guadalupe River Flood at Kerrville!

But for the heroism of B. P. Roberts, left, and Cooper Fletcher, right, (in the left photo) Howell Prior, center, might not be living today. Marooned in a tree, surrounded by the swirling waters of the Guadalupe river when it went on a rampage last week near Kerrville, Texas, Prior spent a night and a day in the tree and saw two men drown trying to rescue him, before Fletcher jumped from a boat rowed by Roberts and brought Prior to safety. Another hero of the flood was Gene Butt, amateur wireless operator, right, who, when all communication was cut off, stayed at the controls of his radio and kept Kerrville in communication with the outside world. He sent 111 messages and received 25.

TEN GRADES APPROVED FOR PUBLIC SCHOOL AT BURLINGTON

The County Board of Education of Milam County voted at a meeting last week to grant a request made by J. A. Henderson, trustee of the

Burlington school, and Fred Hodges, principal, that Burlington Independent District be permitted to teach ten grades, as the parochial school in Burlington would be discontinued and a number of high school students would not be able to attend school anywhere.

Due to the unusual conditions existing in rural communities at the present time, Millerton and Two Mile each two teacher schools, were permitted to teach eight grades instead of seven as in former years.

W. G. Gillis, represented the trustees of Davilla School, appealing from the decision of the County Superintendent, Mrs. K. K. Robbins, in transferring a number of students living in the Davilla District to the Althea District in Bell County. The board voted to sustain the action of the County Superintendent and ordered that the transfers be made. The trustees excepted and gave notice of appeal to the State Superintendent of Public Instruction in Austin.

New field notes re-establishing and

re-defining boundary lines of Gay Hill, Bushdale, Fairview and Conoley districts were adopted by the board.

MARLOW DOUGHBOYS DEFEAT TRACY SUNDAY AFTERNOON

Playing their first game under the new management and captain, Jack Hobson, the Marlow Doughboys from Devil's Bend defeated Tracy 6 to 2.

The Tracy boys played fine base ball but they were not able to solve the two hit pitching of Hobson, who was in excellent form, striking out 15 men while "Onion" Morgan of Howard Payne College sharpened his batting eye by poling out destructive bingles with men on bases.

Unfortunately we were not able to acquire the Tracy lineup but the outstanding play of the game was performed by the left fielder who made a beautiful one handed catch of McLerran's fungo hit to left-center. Jack Coward made a nice catch for Marlow.

On Sunday, August 14 Marlow will again play Tracy at Tracy.

BURLINGTON

Johnnie Witt who has lived here for several years was visited recently by his mother, Mrs. Emma Witt of Columbus and his two sisters, Mrs. Emma Schoble and Mrs. Ernestine Winker, both of Shaw's Bend Texas. Johnnie had not seen his mother and sisters in eleven years.

Sam McAtee of Berkeley, California, left for his home last week after a pleasant visit with his aged father and other relatives here. His father has been quite ill but is able to be up and about.

A family reunion of all the McAtee's and relatives was held at the home of Mr. and Mrs. Ed McAtee last Sunday.

Mrs. Hillie Behne and children of Rosebud visited Mrs. Joe Swanzy recently.

Mr. and Mrs. Ollie Ernst, Mr. and Mrs. Walter Haszelman, Misses Henrietta Werland and Heloise Martin and several other Burlington folks who were joined by some of Mrs. Ollie Ernst's relatives at Ben Arnold and Cameron were on an outing on Little River last week.

Relatives and friends of Mr. Al. bright of Houston attended his funeral at Temple last Friday. He died in Houston on Thursday. He was a brother in law to Mr. Otto Krause of Ben Arnold.

Mr. and Mrs. Fred Cochran and daughter and Master Billie Eddleman of Yarrelton, Mr. and Mrs. Napoleon Watkins of Rosebud spent last Sunday, in the home of Mr. and Mrs. Sam Cochran.

Mrs. Sam Cochran was called to Rosebud early last Sunday morning on account of the illness of her mother, Mrs. Walkup.

Joe Fuchs and family of Ballinger were recent guests of Mr. and Mrs. C. Fuchs and family.

Grandma Foshea is spending some time with her daughters, Mrs. Tom Havercom and Mrs. Monroe Nichols and families at Lott.

Will Perryman and family are visiting relatives at Fort Worth.

Quite a few Burlington folks attended the revival at Hilltop. It closed Sunday night and baptismal services were held at the Rosebud Baptist church on Monday.

The Milam County North Zone B. Y. P. U. meeting was held with the Burlington Baptist church last Sunday afternoon. A good program was rendered. Among the numbers on the program was a speech by Bro. Timmerman, pastor of the Baptist church at Cameron. A good talk by Rev. Ray Mayfield of Cameron and a violin solo by Miss Imogene Sapp were also enjoyed. After the Zone Meeting closed the B. Y. P. U's. had their meetings instead of waiting until the regular hour in order to all attend services at Hilltop.

Milton Malcik of the Hamilton school community spent Saturday night with George Logan Jr.

Grandma Tallent has been brought home from the hospital and is doing well.

Carl McClain and family visited in the Adolph Hengatter home last Sunday, near Clarkson.

Mr. and Mrs. Allen Gray spent last week end in Temple and Belton.

Mrs. A. S. Robinson and Arnie Jr., are leaving Tuesday for Mexia where they will spend several weeks with relatives.

Remember next Saturday night, Sunday and Sunday night will be regular preaching time at the Baptist church.

Mrs. Hubert Christillis and two children of Houston are visiting here.

Miss Bertha Hengatter of Buckholts was a recent guest of her sister, Mrs. Carl McClain and family.

Grandma Hengatter of Hamilton County is visiting relatives here and at Clarkson and Buckholts.

Mrs. Gertrude Gilliland, an old time resident of this place, but who now lives at Navasota is spending some time with friends here. She

was accompanied to Burlington by her son, Jim Gilliland, who returned to Navasota last Monday.

For "SECOND SUMMER" troubles

During the second summer baby is usually learning to eat new, strange foods and is cutting teeth—a bad combination.

At this trying time, one thing is essential. Keep his bowels working regularly and promptly, carrying off their daily load of waste without fail.

For this there's nothing like Castoria, made specially for babies and children. Castoria is a pure

vegetable preparation which contains no harsh drugs, no narcotics of any kind.

It is so gentle in action you can safely give it to a young baby for colic. Yet in larger doses it is an effective regulator for older children. You never have to coax them to take Castoria. They like it.

You know how suddenly second summer ailments develop. Be prepared with Castoria. Genuine Castoria always has the name, Chas. H. Fletcher, on the package. It now comes in two sizes. The new family size contains about 2½ times the amount in the regular size.

Chas. H. Fletcher.

First Prize Awarded Lone Star Gas Co. In Utility Advertising

First prize for the best public utility institutional advertising in the United States has been awarded to the advertising department of the Lone Star Gas System, by the Public Utilities Advertising Association. More than 100 companies in the United States and Canada with several thousand ads were entered in the contest. The company also won honorable mention for an ad entitled "A Timely Reminder" which urged preparation for winter heating.

The winning ad appeared in this newspaper and other Texas newspapers last fall and was titled "You Gas Dollar—What Becomes of It?" The advertisement displayed a large dollar divided into various sections, showing that 93c of each gas dollar stays in Texas, being spent for materials, supplies, gas, taxes and wages. Taxes alone, according to the company, amount to 54c per month for each customer on the system. The theme of the ad was that most of the money paid out by customers for gas is put right back into the state to maintain a dependable and uninterrupted gas supply, and also to develop the gas system for future needs.

Both ads were written by Willard G. Wiegand, assistant advertising manager for the Lone Star. Art work on the winning ad was done by Hugh Cargo, commercial artist of Dallas. Type setting, mats and electros were furnished by Western Newspaper Union.

First Texas Summer Hog Butchering

The first large scale summer hog butchering in Texas took place recently at Navasota, and proved conclusively that hogs can successfully be killed and cured in summer to save farmers high cured meat costs and help them realize a profit on their almost unsalable hogs. Upper left shows group of farmers' wives engaged in learning the proper way to can by-products. Upper right shows W. L. Ross, county agent of Grimes county, with carcasses hung up for cooling. Lower left shows Mrs. B. H. Anderson, secretary of the Navasota C. of C., who managed business details of the curing, and the lower right picture shows the cutting gang preparing the meat to be cured. The average hog was worth \$5.66 alive and is worth \$14 cured, curing costs only \$1.50 each.

Black-Draught Clears Up Sluggish, Dull Feeling

"I have used Theodor's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P.S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.

SOCIETY

BRIDGE LUNCHEON

Honoring her sister, Mrs. Boyd Wells of Austin, who is spending some time here in the home of her parents, Mr. and Mrs. T. S. Henderson, Mrs. John Cecil Culpepper entertained from 9 to 12 o'clock on Tuesday with a bridge luncheon.

Pretty home grown roses and seasonal flowers graced the rooms in bowls and vases, making a very attractive setting for the three tables arranged for contract bridge.

Merry games held interest for a few hours, ending with high score being captured by Mrs. Rush Thomas while Mrs. R. P. Jeter was consoled with low score, both receiving pretty gift shop articles. Honor guest was presented with bridge cards.

The hostess was assisted in the hospitalities of the occasion by Mrs. John B. Henderson and served a lovely two course luncheon on game tables laid with pretty covers and were centered with bowls of pink lilyput zennias.

Out of town guests other than the honored guest were Mrs. Hamilton Bonnet of Evanston, Ill., and Mrs. Ernest Beard of Hillsboro.

CONTRACT BRIDGE CLUB

The Friday Contract Bridge Club had as hostess last week Mrs. John B. Henderson at 3:30 o'clock at her home.

Dainty pink lilyput zennias were arranged in bowls, giving a bright tonal effect throughout the rooms where three tables were placed for games. Highest score was made by Mrs. Bassett Watson, low went to Mrs. Eugene Green, both receiving china and glassware.

Mrs. Ernest Beard assisted the hostess in serving a refreshing plate with ice drink. Guests beside club guests were Mrs. Cecil Culpepper, Mrs. Ernest Beard of Hillsboro and Miss La Verne Bowmer.

ALLEN-CONE

Miss Lenwood A. Cone and Alvin E. Allen of Elythe, California, were married in Belton, Monday, August

1. The bride is the daughter of Mr. and Mrs. Leonard A. Cone of Minerva. The bridegroom is the son of Mrs. L. C. Allen of Temple. Both parties have many friends in this section who will be interested.

MARAK-KULAK

R. A. Marak and Miss Albenia Kulak surprised their many friends by quietly getting married Monday morning, August 8 at 7:30 o'clock at the Catholic church at Marak. Rev. Father K. Kacer, performing the ring ceremony in the presence of close relatives. The happy couple left immediately after the ceremony for a wedding trip to Houston and Galveston.

The bride's parents live in Bryan. She is a graduate of the Cameron Hospital training school and has made her home in Cameron since graduating. She was attractively dressed in a pink crepe gown of becoming lines, with accessories to harmonize. Her traveling dress was navy blue crepe with hat and shoes to match.

The bridegroom is the son of Thomas Marak of Marak. Has made his home in Cameron the past eight years and for five years has been employed at the First National Bank. He is a splendid young man and enjoys the friendship and esteem of a large circle of friends.

They will return to Cameron where they will keep house.

CHRISTIAN AID

The ladies of the Christian Aid met in the home of their president, Mrs. Robert Young. After a business session Mrs. Raymond Beard led a devotional meeting.

YOUNG PEOPLE'S CHOIR

The young people's choir of the Methodist church is growing in interest and numbers and will make its second public appearance at the next Sunday night church service. The choir is composed of girls and boys of intermediate and high school age and recent high school graduates. An urgent invitation is extended to girls and boys of these age groups to come to the rehearsals each Monday evening at 7:30, in the church, and to become members of the choir.

The director of the choir has had extensive training in voice and choir work with special training for work with children's and young people's voices in the University of Texas and choir and chorus conducting in the Chicago Musical College. This training has been supplemented by several years of professional experience. All young people singing in the choir will receive worth-while training. Where special talent is discovered there will be given special opportunity for development. There is no expense connected with membership in the choir as this is part of the church program for young people.

At a recent meeting the following officers were elected:

Director, Miss Jessie Guffey, assisted by Mrs. Roy Baskin.

President and accompanist, Miss Billie Gaither.

Secretary, Miss Carolyn Cheever; Parliamentarian, F. E. Jackson Jr. Many pleasant social affairs are being planned for the Young People's Choir in the future.

BAPTIST W. M. S.

Interesting Bible study lessons were held Monday afternoon. The Eunice Taylor Glass circle met with Mrs. Jim Barmore at Maysfield with 12 members and two visitors present. Mrs. Archie McLerran led the lesson. A social hour was enjoyed at the close of the lesson. They will meet next Monday at 4 o'clock with Mrs. Joe Denson.

Mrs. W. H. Henley was hostess to the Lillie Mae Hundley group with nine in attendance. The lesson was ably led by Mrs. Mattie Shepherd. Mrs. George Mangum will be hostess for the group next Monday afternoon at four o'clock.

Mrs. John Denson led the lesson for the Lottie Moon circle at the church with 9 members present. They will meet next Monday at the church at 4 o'clock for lesson.

Here is Lois McGinnis, young farm lass who lives near Comanche, Texas, and her "register of merit" cow, Peggy Lou Myrtle. Lois bought her cow with money earned by raising three acres of peanuts, and has already won money with Peggy Lou at the Heart of Texas dairy show. The cow gave 282 pounds of butter fat in her first lactation period.

met with Mrs. C. W. Bradbury with five in attendance. Miss Mable Jeter led the lesson. They will meet Monday with Mrs. N. D. Timmerman at 4 o'clock. All circles will meet for Mission study.

CAMERON K. C.'S WIN FROM SHARPE IN SUNDAYS GAME

The Cameron Knights of Columbus won a closely contested game from the Sharpe team Sunday afternoon, the score being five to two.

Vogelsang for the Knights allowed nine hits, Anderson for Sharpe allowing only seven.

The Knights began scoring in the second inning when Worcester tripped then scored on an error. The Knights remained hitless from then until the sixth inning when the big rally started. Price and M. Vogel-sang singled in succession, Lud Matula got on by a pitched ball, Ondrej singled scoring Price and M. Vogel-sang, then with two outs E. Vogel-sang tripled clearing the bases. The Knights ran up 4 scores on 4 hits. For the next three innings the Knights drew only one hit.

Although Sharpe had four hits to her credit up to the sixth inning when Hooks connected for a homer with the bases empty. The remaining score came in the eighth inning when Reichert singled and was advanced by Hooks and Anderson.

Score by innings:

KNIGHTS LOOSE OPENER TO LITTLE RIVER FLOODERS

The Cameron Knights of Columbus team went down in defeat in the first series game of the consolation group for the championship in the Temple Telegram cup race, by losing to the Little River Flooders 8 to 4 in the game at Little River Friday. Latham for Little River sold defeat for the Knights allowing only eight hits and ending the ambition of 11 batsmen at the home plate. Anderson for Cameron allowed 8 hits and struck out 6 in six innings, Thweatt two hits and two strikeouts in three innings. Little River scored in the first inning on Houston's triple and Caldwell's single. In the fifth Beard gained first base by being hit by the pitcher, stole second and third and came in on an error. In the sixth Caldwell tripled and came in on an incomplete fielders choice. The big guns started in the seventh five hits bringing in five runs.

Cameron made two scores in the fourth on successive singles by Worcester, Thweatt, Walker and Michalka. In the fifth Ermis singled and Anderson connected for a home run scoring Ermis. For the remainder of the game Latham allowed only two hits.

METHODIST CHURCH

"Faith of our fathers, living still
In spite of dungeon, fire and sword;
O how our hearts beat high with joy
Whenever we hear that sacred word."

Our forefathers had the faith and courage to go through many hardships in order that we might have a better country in which to live. They saw that churches were essential and they built them all over our land at a great sacrifice. I am sure that every citizen of Cameron realizes the importance of churches in any community. The thing to do is to show your appreciation of what has been done, and what is being done, by attending and supporting the churches. Go to one of your choice Sunday.

Rev. E. L. Ingram, presiding elder of the Marlin District, will preach at the morning service and hold the third Quarterly Conference at 2 p. m. Sunday.

The pastor will preach at the evening service, his topic being "The son and his father." This is the second of a series of four sermons dedicated to young people. All the young people are cordially invited. The young people's choir will have charge of the music and will sing a negro spiritual as their special number. The membership of the choir has increased largely this week and much enthusiasm is being shown in their work.

Last Sunday showed a substantial increase in attendance at all services of the church. Sunday school meets at 9:45, morning service at 11, Epworth Leagues at 7 p. m. and evening services at 8 p. m.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.
